Agricultural

IRA BLIXT, County Agent

Charles Wightman, Chairman of the Allegany County Farm Bureau Poultry Committee, announces that the annual State Poultrymen's Get-together will be held at Ithaca on Tuesday and Wednesday, July 29th and 30th, beginning at 9 a.m., on the morning of the 29th.

The chairman of the poultry committee states that this is one of the poultry highlights of the year and there is an exceptionally good program planned for this year with a number of out-ofstate speakers and specialists who will discuss timely subjects such as disease control, production of quality products, and marketing poultry and eggs. A special ladies program has been planned for the day of the 29th, which will include a lecture and demonstration of flower arrangement, corsage making, a tour of the new Statler Hotel, movies of "Springtime at Cornell", and a tea in the afternoon. The chairman stated that a poultry barbecue will be held at the Babcock farm at Ithaca, in the evening of the 29th,

are expected to attend this event. Mr. Wightman suggests that as many poultrymen, from Allegany s, attend this meeting as will be some cars traveling from this county and if rides are wanted that arrangements should be made at the county Farm Bureau

About 7,500 people in this area will receive higher social secur payments beginning early October as a result of the social

apply for the increased payments. The Social Security Administraamounts," he pointed out. "We for each month of active military the serviceman's death. expect to get them changed in time to have them in the mail by October 3, the regular delivery date, but if in a few cases we meet that schedule we'll send the regular check and make differences in a later up the

Mr. Grove pointed out that although nearly every family receiving payments would receive an increase, the additional amount would not always be divided among all the members of the family receiving monthly checks. In some cases the entire increase will go to the retired worker.

Under terms of the law, most families will get an increase of about \$5; some will get less, some will get more. A few benefits now being paid and most of those payable in the future, will be based on earnings after 1950 instead of after 1936. The amended law provides a new formula for determining the amount of the payments in these cases. Under it, a retired worker's monthly benefit would be 55% of the first \$100 of his average monthly earnings plus 15% of the remainder up to \$300.

Beginning September 1, the new law increased to \$75 a month instead of \$50 the amount of money a beneficiary may earn and still receive the monthly benefits. Self-employed people entitled to old-age and survivors insurance benefits may receive the payments for each month of the year if their net earnings during the entire year are not over \$900.

The amended law contains a provision of special importance to self-employed people who have retired or plan to retire during 1952. Before the passage of the amendments their earnings for the year in which an application was made could not be used to figure their old-age benefit payments.
Now, those self-employed people who originally applied for benefits in 1952 may re-apply at the close of the taxable year and have their 1952 earnings in figuring their monthly benefit payments. In general, this will increase the monthly benefit payment to selfemployed persons. A similar change in the law
