Victim X, whose name will never be known, was the 1,000,000th highway traffic fatality in the United States since 1900. Victim X may have been man, woman or child—it might. have been you!

Was VICTIM 12?

This life, sacrificed to carelessness, was snuffed out in an automobile accident late in 1951. Only a few months earlier, another unknown met his death on a Korean battlefield. "GI-X" was the millionth soldier to die for his country since the Battle of Lexington, April 19, 1775. It took seven United States wars and the conflict in Korea to count a toll of 1,000,000 Americans who died in the cause of freedom and independence. It took only 52 years for another million to be killed on the streets and highways of our country. Besides these dead in traffic accidents, 35,000,000 more were injured, maimed or disfigured for life.

Automobiles will claim their second million victims much sooner, possibly in the next 25 years, unless you and 60,000,000 other drivers get seriously safety conscious.

Carelessness causes nine out of every ten accidents. Speeding, drinking-and-driving, violation of rules of the road and right-of-way, are major causes of auto fatalities and serious accidents. Lack of alertness by pedestrians contributes its toll to the death statistics.

Drive safely—walk safely. Save your own life—and the lives of others.

Drive As Though Your Life Depends On It -- IT DOES!

Clark for a few days. oublished Weekly by THE NEWS PRINTING HOUSE a a week's business trip in Pennsylvania Thursday.
