

John Wahl

John Wahl Receives Regents Scholarship

John Wahl, the son of Mr. and Mrs. Gerald Wahl, has been notified that he is a recipient of a New York State Regents Scholarship. The amount of the scholarship varies, ranging from \$250 to \$1,000 a year. The scholarship entitles John to attend any two or four year New York State institution of higher learning. His plans for next year are still incomplete.

Blood Bank To Be In Andover March 4th

The Rochester Bloodmobile will be at Andover Central School on Friday, March 4th, from 1:30-5:30 P. M.

There is an ever increasing demand for blood supply within Rochester 12 county area; besides donating blood collected in event of civilian disaster and for military needs.

Any bona-fied resident of the 12 county area can have his blood needs met anywhere in the United States, providing the hospital concerned will accept Red Cross blood on a "one-for-one" replacement basis. Residents incurring such "out-of-region" blood obligations should notify the Blood Center, so that proper action can be taken with the hospital or blood bank concerned. Anyone wishing to donate blood for credit for a patient can do so by making request at time of donating.

The Blood Program is supported financially by 18 Red Cross chapters responsible for its operation through their annual fund campaigns. It costs them about \$7.80 to collect, process and deliver one pint of blood to a hospital for patient use.

However, the hospitals incur costs in transfusing blood, for which they charge "administration fee". This fee is variable from one hospital to another and covers the hospitals' costs to store and cross-match blood, and provide trained personnel to give blood transfusions. In no instance, however, is there a charge for the blood itself. This is a gift of volunteer donors and is passed on as such to the patient who receives it.

Make your appointment early. Please note, shortening of hours from 1:30 to 5:30 P. M., and make extra effort to come early. Come if you can even if no appointed time was made — there is always time and room for all.

For appointment call Glenn Bronson, PHONE 478-4611, any time before March 4th.

The oldest living thing in the world is a tree. According to the National Geographic Society, several bristlecone pines growing in the White Mountains of east central California are 4,600 years old.

Don't Drive After Drinking

Mrs. Guy S. Wood

Mrs. Anna B. Wood, widow of Guy S. Wood, died Friday, February 18, 1966 in the Atkins Home for the Aged at Canisteo, after a long illness. She was 87.

Born Dec. 22, 1878, in Greenwood, she was a daughter of Frank and Alma Burger Brundage. She moved to Andover in 1892, and graduated from Andover High School in 1895.

Following graduation from Hornell Business School, she served for several years as cafeteria manager at Andover Central School. She was married in 1902 to Mr. Wood, who died in 1935.

Mrs. Wood was a member of the Andover Presbyterian Church and the Anna W. McArthur Chapter, QES, here. She was a former trustee of the Andover Free Library. She returned to Andover in 1963 from Altoona, Pa., where she had been employed for a number of years at the Philadelphia Drug Store.

Surviving are several nieces and nephews.

Funeral and committal services were held at 2 p. m., Sunday in the James B. Mulholland Funeral Home. The Rev. Willis V. Poole of the Andover Presbyterian Church officiated at the services. Burial was in Hillside Cemetery, Andover.

Rodney Robinson Donates Land For Musoleum

The Local Cemetery Associations of the Town of Andover have announced that a change in the site of the Musoleum has been named.

Due to a misunderstanding the offer of a site for the building in the Gate of Heaven Cemetery by the Blessed Sacrament Church has been withdrawn.

Rodney Robinson of Rutherford, New Jersey, a former resident of Andover, has given a plot in the North Side of Valley Brook Cemetery, to be named the Charles A. Robinson Memorial. This plot is on the Charles A. Robinson Farm joining the Cemetery.

The Musoleum will be available for the use of families living in the Town of Andover, free of charge.

Local citizens and businessmen will be calling on residents in Andover for donations, or you may leave your donation at the Andover Office of The Citizens National Bank for this project.

Work will be started as soon as weather permits.

Scout News

Cub Scout News

The Annual Blue and Gold Banquet will be held tonight (Thursday) February 24th at the Masonic Temple.

News That's Print To It

Well folks, must be that Spring is just around the corner since we ran across our first door-to-door salesman of the season. It was just a chance encounter—but we saw and heard the whole pitch, and, furthermore, have proof of every word and promise that went on during the 2 1/2 hour session!

To begin with: Lets make one thing clear! WE ARE NOT AGAINST FIRE ALARM — OR FIRE WARNING SYSTEMS! We think that an adequate and efficient fire warning system would be a wonderful thing to have installed in every home in Andover.

However, we have been in the past, still are, and more than likely will continue to be in the future — against — the ethics displayed by itinerant salesmen — that give a high pressure sales-pitch, use a referral-type bonus system to help sell their product, and then try and insist that their prospects sign an iron-clad contract right on the spot without having a chance to think it over — or even check up what the price of the same type of product would cost from a local, well-established and reliable firm!

The Vanguard deal that we saw last night appeared to be what the manufacturer claimed it to be. However, in our opinion, it was highly over-priced — and it didn't seem to be necessary to have one installed in every room in the house in order to be able to buy them. Then too, the apparent referral-type, bonus system of selling is highly questionable as far as being legal in New York State. According to the information that we received from the N. Y. State Attorney General's Office last summer, this referral-type of selling program was outlawed effective around July.

In order to have some basis of comparison to make our comments on, we called the Gardner Fire Equipment Co., in Wellsville whom we have purchased Fire Extinguishers from in the past, and asked about Fire Alarm Systems and their cost. We were informed that they handled an approved type and that each unit cost \$300 a piece. Also, that they would sell one, or as many units as a purchaser wanted and that they would recommend the location of the units according to the danger points to fit in with the construction of each individual home. We were also informed that there were cheaper units as well as much more elaborate ones on the market — some approved, some not. Each type of unit had certain advantages and disadvantages that the purchaser should take into consideration — as well as the availability and service of the firm selling the fire protection units.

Then too, when dealing with a local firm, it is entirely probable that a lower rate bank loan could be arranged with one of the local banks to take care of the sales contract.

We don't care how all you good people spend your money — all we are interested in is that you are aware of what is going on — so you will be able to obtain any needed advice — before signing any contracts that will be binding on you for years to come in the future!

We also wish to thank all the persons that gave us advice and helped us out with information concerning the whole deal.

Judging from the results of the Republican Caucus and some of the things that transpired there — quite a few local voters are not too happy with the way some of the Village affairs are being managed and conducted. With the political pot boiling — perhaps some changes can be made in the not too distant future!

Along with other signs of Spring — Eddy tells us that he doesn't know whether Charley is "too old to cut the mustard or not" — but he did see that his rhubarb is certainly showing signs

of life "down in the patch". In fact according to Eddy, it is already a couple of inches above the ground! How about that?

"Si" Pelton Loses GOP Nod By Single Vote

At the Republican Caucus held Saturday night at the Andover Central School, "Si" Pelton lost the GOP nomination for Village Trustee by a single vote in a contest with Bob Baker.

The Republican Caucus was called to order around 8:00 p. m., (8:07 to be exact) by Everett Clair who announced that the first order of business was to choose a chairman.

James H. Kessler was nominated as Chairman by Bob Baker, with Walter Gath seconding the nomination and approved unanimously.

Nominations were then placed in order to select two tellers with Bob Baker nominating Ken Vars, seconded by Gertrude Halsey and carried.

Roger Tuttle was then nominated by Harold Rice, seconded by Charles Ruger and carried.

Paul Kilbane then gave a speech extolling the virtues of Robert Baker and placed his name in nomination for Trustee for two years to succeed himself which was seconded by Howard McAndrew.

Sylvester ("Si") Pelton was then nominated by Donald Kent for the same office and seconded by Harold Rice.

The ballot was spread and the tellers reported that 71 votes were cast with Robert Baker receiving 36, and "Si" Pelton 35. Baker was then declared the winner.

Harry Kemp then nominated Merle Dibble for Trustee for two years to succeed himself and was seconded by John Karcane. At this point, Don Kent rose with the intent to nominate "Si" Pelton but before he could be recognized by the floor, John Richardson moved that the nominations be closed which was seconded by Earl Richardson.

A rather heated discussion ensued with a ruling from the floor deciding that the nomination for "Si" Pelton was in order and it was seconded by Harold Rice.

The ballot was spread and the tellers reported that a total of 68 ballots were cast with Merle Dibble receiving 40 and "Si" Pelton 28.

The Chairman then appointed Harry Joyce, Everett Clair and James Mulholland as the Republican Committee for the coming year; and Roberta Meyn, Earl Richardson and Walter Gath were named to the committee to fill vacancies.

Meeting was then adjourned on the motion made by Lawrence Corwin and seconded by Harry Joyce.

Andover Telephone Cable Extension

Another telephone cable is being extended into the Rocambeau Ave., Extension and Elm Valley area. Roger J. Tuttle, manager of the Iroquois Telephone Corporation, announced today.

The cable will provide modern plant facilities for 147 subscribers as well as for future subscribers who may move into the area. The cable project will also provide cable repairs for the new Andover-Wellsville E. A. S. circuits which will be placed in service on April 17, 1966.

Approximately 1500 miles of wire are in the cables which are being put up as part of the project. The expansion will be completed in approximately sixty days.

In addition, 1.5 miles of cable are being replaced with new cable which will improve service in other parts of town.

Ever wonder what happened to the Mayflower which brought the pilgrims to America? It was dismantled in England in 1629 and its curved wooden ribs were turned upside down to from the rafters of a building which still stands.
