The New Market Basket Super-Market being built by Ford & Peckham builders takes form. With the steel all up, the back sidewall and the roof on, all of the under-ground plumbing and electric wiring completed, the concrete floor two thirds poured, it appears as if the June 1st dead-line will be met and the store should be open to the public on or before July 1st. News That's Print To Fit

A couple of beautiful days like the last two sure tends to give a feller that well-known Spring Fever. In fact this past week-end was about the first time that we have had a nice bright, sunny week-end for a long, long time.

Of course it froze every night right up thru the 18th when the recorded low was 24 degrees, according to the boys down at the Pump Station. However, the last two nights it has only gone down to 43 degrees and 50 degrees respectively. But then — cold weather — and possible snow is predicted for the near future, so it looks like we will have to enjoy the warm weather hour-by-hour — while it is here!

Speaking of the weather reminds us that it sure is a big improvement along Main Street since the street was cleaned the first part of the week. Now you can see all the way across to the other side when the wind blows — and it doesn't look like the inside of a dust bowl!

Along with the warm weather, we noted that a few of the worst holes on the back road (Rochambeau Avenue extension) have been filled in — but it appears as if they ran out of patching material by the time they got down to Eddy's since from there down to the over-head junction — it is still full of holes.

Here's hoping that the entire section from the Village limits — to the Route 17 junction, is scheduled for a complete going over — and the sooner the better — before someone goes bouncing over the bank after hitting one of those big bumps!

We haven't heard anything back to date from the material that we sent in to the Attorney General's Office but we did receive word that "Area homeowners were warned to beware of salesmen who falsely identify themselves as representatives of Corning Glass Works in attempted sale of storm windows and fiber glass awnings.

The Corning - based specialty glass manufacturer said it does not produce either window glass or fiber glass, nor does it market products for such use.

The company asked area residents who learn of deceptive sales representations to contact immediately the patent department of Corning Glass Works so that action may be taken against the offending salesman."

With another Spring rolling around, we received word from the Jamestown African Violet Club that their Thirteenth Annual African Violet Show will be held in the Gold Room of the Hotel Jamestown, April 30th and May 1st.

Any person growing African Violets as a hobby is urged to enter plants in competition in this show or in the decorative class. It is not necessary to be a member of the Jamestown African Violet Club to participate.

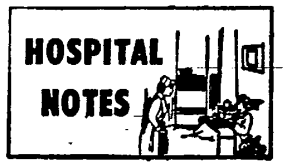

We have a copy of the "Rules for Exhibitors" at the News Office for anyone that is interested. All entries should be made Friday, April 29, from 2:00 to 9:00 P. M.

Any questions or information should be addressed to Entries Chairman, Mrs. Elmer C. Rose, 29 Pershing Avenue, Jamestown, N. Y., Phone 485-1022.

We had occasion to drive down Baker Road this morning on an errand and see that there have been several loads of dirt or gravel dumped in the road and the Town of Andover grader was being busily employed grading it down.

Let's hope that this puts an end to the continuous row of potholes that was the subject of a recent "Letter to the Editor!"

Along with Main Street being cleaned up by the Village Crew — we don't want to be amiss in reporting that one portion of East

Home Demonstration

The regular meeting of the Andover Unit will be held Thursday, April 28 at 12 noon at the Andover Grange Hall. Please note change of date. A tureen dinner will be served at noon, please bring a dish to pass and own table service.

A work meeting will follow the dinner. Bring tuna can with top attached, foam rubber, steel wool enough to fill can, lace or fancy trimming, needle & thread, fine cardboard and scotch tape. Instructor will be Mrs. Francis Kaple.

Center Street was all cleaned up the first part of the week. In fact, if we could have gotten hold of "Dick the Roving Photographer", it would certainly have made a human interest story to see Finla and his wife, together with the Editor Feller and his wife cleaning and sweeping up the curb in the Crawford-Allen area of Center Street.

'Suppose the time of these civic minded taxpayers labor can be deducted or applied to their Village taxes?

As we go to press we see that the colder weather and rain that had been forecast — has finally arrived — just in time for another week-end!

Southern Tier Library System To Hold Workshops

Two public relations training sessions for librarians and library trustees in the Chemung-Southern Tier Library System (counties of Allegany, Chemung, Schuyler, Steuben and Yates) are scheduled during the next ten days. The workshops will be conducted by Darcy Associates, Inc., Rochester public relations counselors who have recently been retained to develop a comprehensive public relations program in fourteen counties throughout south central New York State. The first meeting is scheduled for Saturday, April 23, at the Howe Public Library, Wells-ville. It is designed to appeal particularly to library trustees and "Friends of the Library" groups throughout the Chemung-Southern Tier Library System. Mrs. Andrew Scott, Wellsville librarian, is chairman of the arrangements. Luncheon reservations may be made by contacting Mrs. Scott.

On Thursday, April 28, a similar session will be held at the Hornell Public Library, Hornell. It is designed primarily for librarians throughout the System. Mrs. Nancy Gould, Hornell librarian, is in charge of arrangements. Both meetings are scheduled at 10:00 a. m., lasting until 3:00 p. m., with a suitable noon-day period for luncheon.

PROCLAMATION

For almost a century, the Grange has been one of our most valued and valuable institutions.

In the Empire State, the Grange has a membership of 83,000. Through the years New York State Grangers have been a part of the determination to better the countryside and the rural communities of our State. There are now over 800 subordinate units throughout the State, many of which own their own buildings and make them available as the central meeting place of the community.

Now, Therefore, I, Nelson A. Rockefeller, Governor of the State of New York, do hereby proclaim the period of April 17 - 23, 1966 as

GRANGE WEEK

in New York State. Given under my hand and the Privy Seal of the State at the Capitol in the City of Albany this fourth day of April in the year of Our Lord one thousand and sixty-six.
