

Robert G. Smith Receives College Appointment

Robert G. Smith, Director of Public Information at Colgate University, has been appointed Executive Assistant to Colgate President Vincent M. Barnett, Jr. President Barnett announced that Mr. Smith will take office on September 1. He replaces Kenneth B. O'Brien, Jr., who recently resigned to become Dean of the College at Franklin and Marshall College.

Mr. Smith will continue to direct the activities of the Office at Public Information, which he has headed since September, 1963.

A native of Andover, N. Y., and son of Mr. and Mrs. Donald Smith of Rochambeau, Andover, came to Colgate in 1959 as an instructor in English, and was promoted to assistant professor in 1961.

In addition to his teaching duties, Smith coached the Colgate varsity debate team to three New York Championships before his initial administrative appointment.

Prior to joining the Colgate faculty, Smith was an assistant professor of English and speech therapist at the State University of New York at Cortland.

He was graduated from the State University of New York at Geneseo in 1952, and following two years of service as a Marine Corps Officer, earned the Master's degree at Ohio University where he is a candidate for the Ph.D. degree.

Since assuming responsibility for Colgate's public information program, Smith has continued to teach in the University's department of English. He also serves as a special consultant in business and industrial communications for corporations and government organizations.

Mr. Smith is married to the former Marie Hansen of Penn Yan, N. Y., and is the father of five children.

News That's Print To Fit

Well, our Prayers or request for weather conditions were answered last week so suppose that it would be too much to ask for an encore this week — but we can at least hope.

It rained Thursday night and Friday morning — but cleared off and was nice and sunny for the entire week-end. Then it rained Tuesday and has been keeping it up off and on since then. (In fact it was even nice and warm Monday).

Boy what a busy week! An unexpected trip to the Rochester Airport Monday evening, which gave us an excuse to stop off and see Gordon at the Cartwright Inn and also enjoy one of their fine dinners — and incidentally find out a little Andover news that we hadn't heard about.

It seems that Gordon came up Sunday to help Frank Holmes celebrate a surprise Birthday Party. Congratulations "Uncle Frank" — let's see now, that makes you 79 years young now doesn't it? Sure hope that we are perking along as lively when — and if — we ever get there!

Then Tuesday we had to make a business trip and completed the day by attending the Village Board meeting Tuesday night. And of course with all of the ads this week, yesterday stretched out until the wee hours of this morning. Thus some of the news copy that came in later will just have to wait until next week.

The highlights of the Village Board Meeting were the presentation of a petition by residents of Elm St., asking that curbing be installed on both sides of the Street, and several complaints by local Taxpayers.

The Village Board acted upon this petition and decided to install the new curbing and resurface Elm Street from the corner by the Andover Central School down to the State Highway (Route 21) at an estimated cost of \$5,585, with the Elm St. residents to pay half of the cost of the new curbing.

It is understood that this will solve the road problem in front of the School as well as up and down both sides of the Street, and will certainly improve the drainage problem.

"Dick" Wittie presented a raw sewage problem and condition which exists on his property that, according to the Department of Health, is not of his making with the Board agreeing to see what steps can be taken to correct the condition.

The problem of finding a Police Officer was also brought up and discussed, with the last live lead having been brought to an abrupt end when the Wellsville PD gave one of their members a promotion to Sgt. and a raise in pay. (Too bad our local board couldn't have had the fore-sight to have granted our ex-Police Chief a raise a year ago when some of the local Taxpayers suggested it — then we wouldn't be in the predicament that we are now).

In other action, the Board set several meeting nights to work on bringing the Village Ordinances up-to-date so that they can be adopted as soon as possible.

Speaking of Police reminds us that we saw the "Week-end Warrior" was very much in evidence Sunday night and couldn't help but notice that all four headlights on "old 100 on 7" were burning brightly — much to our annoyance when driving down Route 17 into town.

Suppose anyone could make a mistake—but makes a feller wonder a bit—especially after hearing some of the comments that have been made!

Looks like we will have to borrow a page from "Dick's" book and carry our camera with us all the time—prepared to take pictures night or day—for our own protection!

Don't Drive After Drinking!

Several Local Residents Receive College Degrees

Several local residents were among the 550 seniors who received the Associate in Applied Science degree at Saturday's June 11th, 55th commencement exercises of the State University Agricultural and Technical College at Alfred.
