Co-operation is the key to success. There is a very important event coming up at school, September 29th to be exact. The success of this event depends on all of you.

As you all know, the F.H.A. has agreed to take over the huge responsibility of organizing the School Fair. It is the duty of every student to help out at the Fair, whether he works at the booth of some club or organization or just patronizes the booths. You might think that organizing the School Fair is something simple, but the girls in the F.H.A. are spending hours planning and arranging for the different departments.

Let's all come out and support the Fair, parents too. Let's make this Fair the best ever!

Marianne Meyn Exchange Student

by Marguerite Rick

This past summer, June 29th to be exact, one of our Andover Central School students was beginning a trip never to be forgotten. On that day Miss Marianne Meyn left from the Buffalo Airport with twenty-five other students for Guayquil, Ecuador. While there she lived with the Julio Juardo, Sr. family. She had two sisters, Carmen, twenty-two and Theresa, twenty-three and one brother, Julio, twenty-four.

While there she enjoyed a great deal of sight seeing and travel. Marianne especially enjoyed visiting La Compania and San Francisco. These famous churches located in Quito are coated in gold that had to be carried up the Andes Mountains by the Incas and Spaniards. She also enjoyed seeing many of the South American exchange students who have been guests at her home here in Andover.

Though Marianne found the people "eager to please" and very nice, Guayquil, a lovely seaport on the Guayas River, and the food good (since she got used to it — she is happy to be home again).

Future Nurses

The Future Nurses held their first meeting of the season with fifteen members present. Election of officers was held with the following people being elected:

President — Denise Collins
 Secretary and Treasurer — Pam Schrader
 Representatives to Student Council — Marianne Meyn
 Representative to Hi Herald — Kathy Joyce

It was decided that the Future Nurses would have a pie booth at the School Fair with each girl donating two pies to be sold for \$1.00 each. The money earned will be used for a needy family at Christmas time.

Development of recreational areas, the perpetuation of cultural centers and improvement in highways and airfields were suggested for prime consideration by the County Board of Supervisors' Planning Committee. Charles Hebblethwaite, Allegany County cooperative extension agent, speaking before the committee in the Belmont Court House, suggested that emphasis be placed on the development of larger lakes for recreational purposes, the continuance of the three colleges in the county and better highways and airfields to boost the economy of the county.

Among deaths in the news this past week was that of Margaret Sanger, founder of the world-wide birth control movement, and a native of Corning. She died in Tucson, Ariz., at the age of 83.
