Editorial

The highways of our United States are being attacked by billboards—manic. Were you ever driving down the road, admiring a shockingly clad blonde on a billboard and find yourself almost in an accident. People don't realize just how much danger there is in billboard-watching. People will say, "It only takes a few seconds to look at a billboard", but considering the fact that a car traveling 60 mph goes about 88 feet per second, a great deal can happen in a few seconds!

The problem of billboards is not a new one. Fifty years ago, on January 15, the supreme court upheld a municipal ordinance prohibiting the erection of billboards in residential districts. But what about main highways? There are endless numbers of billboards around today, far more than there were fifty years ago.

However, billboards have a useful side also. They provide a wide and profitable form of advertising for many companies. In addition, it costs a great deal to maintain them. Personally, I am not against the use of billboards, however, I am against the neglect of them—neglect which creates too many unnecessary eyesores on our highways.

Cloud Nine

Marguerite Rick

...one young foot in the cloud-nine. Gary Barden, a third grader in Mrs. Francisco's room, wrote to his hero, Peter Gogolak of the New York Giants back in November. He also drew a portrait of Mr. Gogolak and asked him to autograph it. Young Gary told him about the Andover soccer team as Mr. Gogolak, a Hungarian immigrant started out as a soccer player and progressed into football and is now one of the best third graders in football.

In late January, Gary realized he wrote a wish and note for not only did Peter Gogolak autograph Gary's drawing of him, but he also sent Gary a hand autographed photo of himself.

G.A.A. News

The fifth meeting of the girls was held Friday, January 13. Ordering pins for the Senior girls was discussed. The pins are \$2.25 each. The requirements will be:

1. Two years of membership—one of which is the senior year.
2. One hundred-fifty points minimum, earned during the senior year.
3. Must have participated in at least two athletic events.

We are trying to organize a Pep Club. The girls in this club would plan to sit together at athletic events and sit together for the purpose of cheering. They will also be in charge of publicity for the games.

Also at the meeting, we voted on a Buffalo Band vs. a local band. The vote was in favor of a local band 3 to 27.

A basketball game will be held between the Teachers and the Senior Girls on Tuesday, January 24 at 4:00 p.m. The price is 10¢ per person.

This is the teachers' team for the game as announced by Coach Kessler:
