The heart of our business

One customer laughingly tells us we stock more items than an old-fashioned general store. That's because our customers, thank goodness, are pretty healthy and don't need enough prescriptions to keep us busy. Prescriptions are really the heart of our business. Because of them, we're open for the greater part of the day. Despite the fact that many pharmacists sell everything from books to bobby pins, we're still professional men... always ready when medication is needed.
