American Red Cross Allegany County N. Y. Chapter Wellsville N. Y.

1. On behalf of the entire American Red Cross, I wish to express our sincere thanks to your Red Cross Chapter for the Christmas "Gift Bags" we received. We are very grateful for which is a great help to the prisoners that we help support.

2. We are located on the outskirts of Saigon. Our Battalion is spread out on a "Rice Mill" island so named because our shops and work areas were formerly huge rice hull warehouses. Many improvements have been made in the last 18 months and we are now fortunate enough to possess very accommodating facilities.

3. Thank you once again for thinking of us at Christmas. Wishing you the happiest of holiday seasons.

ALLAN L. JONES

Does Your Car Registration Expire This Month

Noting that some 900,000 vehicle registrations will expire at the end of this month, State Motor Vehicle Commissioner Vincent L. Tofany today said these owners should have received pre-printed renewal punch card applications by now and urged them to complete the renewal process as quickly as possible.

If a punch card has not been received, or if the application refers to a vehicle no longer owned by the motorist, he should immediately obtain a paper application at the nearest motor vehicle issuing office for use in renewal.

Commissioner Tofany also cautioned owners that their vehicles must have been inspected sometime since last February to obtain the new registrations. The renewal stamp from the present registration of the new application must bear a stamp indicating that the vehicle has passed the inspection.

As to inspection, he reminded owners of vehicles for which registrations expire in February or March that they also can have the inspection performed this month if they wish, instead of waiting for the renewal month.

A year ago students at State University Agricultural and Technical College at Alfred had plenty of snow for their annual Winter

Weekend but this year the weather picture must change rapidly to provide enough of that all-important ingredient for snow sculptures. Even without a heavy snow fall, there are enough activities to keep approximately 2,000 students busy during the gala event which is coming up this Friday, Saturday and Sunday.
