The Beat Generation

It seems that the trend of teenage revolt or fadism, or whatever you may call it, has just about come to a climax.

The so-called "beat - generation" of the former dungaree, sweat shirt, and dark glasses set, has given way to Lady Godivas in mini-skirts and paisley pirates with beards and pierced earrings.

Of course there is still a majority of conventionally well-dressed students attending our schools and public places, but how long will it be before these too join the "way-out" crowd with the "boss" ideas and high style "threads". The pressures of conformity and conventionalism are now being over-ridden by the urge to break away and be in the "way-out" crowd of those searching for wild new experiences and the out of the ordinary.

It will be interesting to see which wins, the war; revolting teenage fadism, or persistent conventionalism?

March of Dimes Campaign

Each January a very worthwhile money raising project is carried on by the students of A.C.S. This is the March of Dimes. Each child is encouraged to give what he can to help support research for the elimination of the heart break of birth defects.

This year Mrs. Charnice's fifth grade room has the honor of collecting \$18.36 and placing first in the elementary competition. Mrs. Burger's seventh grade homeroom came in first in the Junior-Senior high school division with \$23.18.

Andover Central is also proud to be able to hand \$1 to the American Cancer Society. This money along with that collected all over the United States will provide capital for further study of causes of birth defects. Hopefully the problems will soon be solved.
