Editorial

Encyclopedias and textbooks can easily write pages upon pages about George Washington, our first president. Countless biographies have been written about him and there is scarcely a soul alive who has not heard something about this great statesman. In fact, there really isn't much left to say about him.

All I can say is that it is too bad that there aren't more people in this world today, or even in our own community as far as that goes, who have even half the ambition and foresight he had.

If everyone in this country would strive to follow in his footsteps, and those of other great leaders, the U. S. would never have to worry about problems of diplomacy, war, hunger, crime, and the countless others that face her presently.

Andover Smacks Scio!

The Panthers did it again. They defeated Scio by a score of 58-54, after Scio had beaten undefeated Fillmore in a game played last week. The game was a thriller all the way. Scio held the lead at the half, and the Panthers tied them at the end of the third period. Then all of a sudden the Panthers broke loose for 6 quick points and stayed ahead from then on. Scio made a desperate bid with 1 minute left, but Andover held them off. John Hames took scoring honors with 28 points; Dave Alvord 11; Bob Baker 8; Chuck Joyce 7 and Danny Grant 4.

In the J.V. action the Panthers squeezed past the Scio J.V.'s 45-43. The next game is this Friday at Cuba. Let's all come and cheer the Panthers to their third straight victory!

A Poem For Thought

Life's Common Things

The things of every day are all so sweet,
The morning meadows wet with dew,
The dance of daisies in the noon, the blue
Of far-off hills where twilight shadows lie;
The night, with all its tender mystery of sound
And silence, and God's starry sky!
Oh, life - the whole of life - is far too fleet.
The things of every day are all so sweet.

The common things of life are all so dear.

The walking in the warm half

To find again the old familiar room,
The scents and sights and sounds that never tire;

The homely work, the plans, the lift of baby's laugh,
The crackle of the open fire;
The waiting, then the footsteps coming near,

The opening door, your hand-clasp - and your kiss -

Is Heaven not after all the Now and Here?

The common things of life are all so dear.
