### Appreciation

I would like to thank all my neighbors and friends for their visits and cards and help to my family and Alfred Ambulance during my recent illness, all is appreciated very much.

Lawrence Perkins

The supply of men who can do things effectively never equals the demand. They keep the rest of us moving forward. When we are ready to quit, they encourage us to make one more try.

It's getting so a man can't afford to be prompt for an appointment or people will think his time isn't worth anything.

# NOTICE

It has been called to our attention by the F. C. Thomas Co. that we are in violation of our lease agreement on the use of the parking lot in front of the new Market Basket Super Market.

This agreement states:-

That Market Basket Employees are only allowed the use of the parking space at the North end of the store in back of the front edge of the building.

The rest of the parking lot is to be used for the servicing of the store, Market Basket Customers, and people shopping in Andover.

We expect, and are happy, to have people that are shopping at other stores in Andover and who are using the facilities of the new Medical Center or Post Office, use the parking lot.

However, we can not permit the use of this parking lot during store hours — including Thursday and Friday evenings — for people who are working in other stores, and elsewhere, or students who leave their cars there for any extended length of time.

We ask your support in keeping our lease agreement valid and hope that we do not have to take any further action.

## To The Voters Of The Village Of Andover:

On February 25, 1967 I was nominated to run on the Republican Ticket as a Candidate for Trustee.

If I am elected, I will do all that is within my power to see that Andover has a sound, economical Village Government and also that the Village Ordinances are brought up to date.

I feel that problems cannot be solved by one person. Therefore, I feel that an open mind discussion usually gives the best solution for these problems. I also feel that once these solutions are arrived at it is a must for all members to give their support in carrying them out so the Village may benefit.

With the above in mind I am urging you to give me your support by voting for me as a Trustee of the Village of Andover on Tuesday, March 21, 1967.
