Editorial

Well, Spring has finally sprung we hope. Here at A. C. S. the evidence is quite plain to see by the number of bright spring outfits appearing in the halls, and of course a few thousand muddy tracks there that ultra-mod decor on the serene hall floors.

With such the amount of snow is melting the number of snow ball fights seems to be increasing around here. I know you're only young once, but let's take it easy on winter. Okay? Maybe there'll even be enough snow coming to land another ten foot "Snowy" and a "Red Baron" competition this time.

So although it's that time of year again, with basketball and other school sports starting in, and the end of school year approaching, let's all enjoy the time before summer vacation. Don't wait until then.
