Juniors To Present "Meet Me In St. Louis"

"Meet Me In St. Louis", a popular and charming three act play, is being staged by the Class of 1968 at Andover Central School Auditorium Friday, April 14.

When four attractive sisters Rosemary Baker, Susan Reil, Susan McClure, and Gayle Clarke, are blazing with excitement over the World's Fair of 1904, that is about to open there in St. Louis, it's difficult for their father (Jeffrey Stephens) to make the announcement he is nervously waiting to make to his gentle and gracious wife (Mary Ellen Corvia). A big part of the excitement, is that the older girls will be enjoying the fair with the boys (Charles Joyce and Gary Bixby) who are beginning to be important in their lives.

The girls are also in a state about the love life of their only brother (John Hames) whom they suspect of ditching his sweet, home-town girl (Martha Greene) for a snob from the East (Monica Manion).

Father finally breaks the news that he has been offered a better job in New York. This will mean leaving their home in St. Louis and missing the fair. The older sister fears it will also mean losing out with the boy she'd like to marry.

Father is astounded at the negative reaction and for their own good or so he feels - he gets stubborn. At this the girls unite for action. Although their strategy almost lands the family in jail, they persist in their battle to stay where they've been so happy.

A delightful and enchanting evening is assured in the unfolding of the dramatic events. Not only will you enjoy the acting and singing of our young actors, but also the efforts of our local seamstresses and our stage crew in the results of their creative artistry. Tickets, \$2.00 and \$1.00. Set of the nostalgic 1904 era.

Others in the cast include Mary Alvord, Kela Burton, Rand, Gallagher, Gary Rossman, David Leon and Edward Sackett.

"Meet Me In St. Louis" is directed by Mr. James Kessner and produced by special arrangement with the dramatic Publishing Company. Remember the date, Friday evening at 8:00 April 14.

Current Milk Withholding Reviewed By Board of Directors

Current milk withholding among dairymen in the northeast was recently reviewed by the Board of Directors of the largest bargaining cooperative in this area. J. Paul Walizer, of Bellefonte, Pennsylvania, President of the Board of Directors of Milk Cooperative reported that the 17 members of the Board of Directors of Eastern Milk Producers Coop. were polled to recheck the coop's membership to determine an up-to-date position on milk withholding.

Mr. Walizer said, "the majority of the Board indicated that the Local delegates did not favor withholding. Several of the districts took the position established by their delegates that they would favor withholding if the Dairy men's League and the membership of the Northeast Cooperative Federation would also support such action. Some delegates indicated that they would support a milk withholding action if they were assured \$1.00 per hundredweight improvement in Class I prices."

Eastern urged \$2.00 per hundredweight increase at the federal milk hearing held last fall in Washington, D. C.

redweight increase at the federal milk hearing held last fall in Washington, D. C.

The local delegate is an elected officer of each of the 190 Locals of the Eastern Milk Producers Cooperative and, as a rule, speaks for the membership on the Local level.

Walizer said, "Eastern Milk Producers is a democratically run organization and its position on policy affecting the entire cooperative must reflect the attitudes of the majority of the overall membership. Even though members in some areas are sympathetic to the withholding action, the great majority as shown by our poll, are opposed."

Within the last 5 weeks at a delegate meeting of the Eastern Milk Producers Cooperative, the delegates failed to support a resolution favoring milk withholding. The individual member, of course, has the choice of making his own decision as to whether or not he desires to withhold his own milk. Eastern will not place any restrictions on him, nor will it be responsible for any losses of milk in the event the members' milk does not reach the market place due to withholding or action associated with withholding. Walizer stated that any further detail as to the individual district activities is available through the district director responsible for each district. These Directors are as follows:

In the State of New York: Irvin Schell, Evans Mills, N. Y.; Allen S. Detch, Bullville, N. Y.; Donald R. Jones, Homer, N. Y.; Robert Radwin Worcester, N. Y.; Francis Cole, Ilion, N. Y.; Kenneth Kelso, E. Meredith, N. Y.; Max Lonstein, South New Berlin, N. Y.; Henry H. Power, Auburn, N. Y.; Earl Doner, Hardsdale, N. Y.; Cyril Filatrault, Gouverneur, N. Y.; Leonard Richael, Winthrop, N. Y.

In the State of Pennsylvania: J. Paul Walizer, Bellefonte, Pa.; Roland Oschner, Columbia Crossroads, Pa.; Everett Green, Warren Center, Pa.; J. Thomas Cribbs, Poyntelle, Pa.; Freeborn Love, T. Waterford Pa.

In the State of Vermont and New England: D. Light Barnum, Vergennes, Vt.

What Do You Think Of Censorship?

The Bill of Rights grants us several freedoms with which we are all familiar. Two of the best known of these freedoms are freedom of speech and freedom of the press. Many people feel that these freedoms are in danger today by Censorship. In truth, however, censorship is used for the good of everyone in this country. It is a shame to admit that if things weren't censored about one fourth of the reading material in this country wouldn't be fit for sale on the public market, but it is true.

Television and radio programs are also censored to protect individuals and groups from harm. What you think of censorship, it is really necessary in our society. When authorized officials censor material on the air, they are being protected from harm. Would you like to live in a society where every statement in a radio station was given without thought for people's feelings? It is my belief that we should support censorship.
