Worthington Corporation To Sponsor Scout Project

Worthington Corporation will sponsor "Organize Now for Exploring," a project of the Seneca Council, Boy Scouts of America. The announcement of the sponsorship was made today by Arthur Reinking, president.

The project is a tried and proven plan for organizing a number of explorer units at the same time.

Noting a lack of this type of program for high school age youths in Allegany County, Reinking said, "There is a great need to expose local youths to career opportunities and to the problems of business, industry and the professions."

Project O.N.E. will be launched on June 19 with a dinner meeting at Long Vue Restaurant. Invitations will be extended to prospective sponsors in the county to learn more about the explorer program.

The goal for project O.N.E. is five new explorer posts with a membership of 100.

Working with Worthington Corporation on the project will be Joe Recio, local district scout executive of the Seneca Council, B. S. A.

"Deke" Wood, General Sales Manager, was named Tuesday as chairman of the new "Organize Now For Exploring" project.

Mr. Wood, currently, is developing a list of 25 potential sponsors to be invited to the May 22nd project kick-off dinner. Matched to each prospective sponsor, will be a man to follow through to organize an Explorer Post.

News That's Print To Fit

Well folks, we may be starting into the "Merry, Merry Month of May" — but we sure haven't seen much of an improvement in the weather!

The first 3 days of this week, we had freezing weather at night followed by a couple of nice, warm days and then last night — back down below the freezing live again!

Thru the courtesy of the "Boys down at the Pump Station" here are the recorded Lows and Highs starting with last Friday: April 28—L 19, H 49; 29th—L 18, H 59; 30th—L 28, H 76; May 1—L 38, H 73; 2nd—L 58, H 68; 3rd—L 26, H 45; and today's L 26, H 56. And, the weather forecast for the next two days is: rain or snow — and cool weather! How about that! However, there is a slight ray of hope as the weatherman says it might warm up a little Sunday.

Speaking of warming up — reminds us that we understand our Local Police Force was more than a little warmed up over the actions of a few of the "younger set" — that may come under the heading of "Horseplay" to the participants — but come under the heading of thoughtlessness and a "fire menace" to serious-minded adults.

Yep, we saw an imitation "flying saucer" gradually rising in the air, sort of glowing red — with occasional showers of sparks, but, instead of being amused or amazed, we were just hoping that it didn't soar over our house and burst into flames on our roof — or the roof of some older people that were asleep.

This is something that the people write up the directions of "How to build an imitation Flying Saucer" should think about when they describe how to take a plastic dry cleaning bag, a few sticks, and a few candles — put them together — and then watch the smoking results!

Some types of plastic are highly flammable — and using lighted candles for the source of hot air, is like lighting a cigarette in an ammunition dump!

Just one loose spark and things are really in flames!

According to the "Chief" kind of "Horseplay" is all right — out in the wide open spaces where it can be watched and any resulting fires can be put out immediately; but in residential areas — "It's just got to go!"

We were told that if it continues, the pranksters can be arrested under one of the sections under the heading of "Disorderly Conduct" — and we are sure that no one wants to see this have to happen! 10-4?

And while on the subject of burning — we also understand that the law takes a rather grim view on the "burning of rubber" — when it comes to tires on cars — especially when it causes a disturbance around 5 A. M. on a Sunday Morning!

We understand that this was brought to public attention this past week-end, and, if just one written complaint is filed — someone could go for a trip — or ride — that they might not enjoy too much.

According to our source of information, the identity of the driver is known — and action is being taken.

Last week we ran a news item about the Andover Rod & Gun Club Fishing Contest that is now in progress and have noted a marked bit of activity by the younger set up around the ponds and local trout streams.

However, yesterday we were really "shook up" when we saw "Charley" armed with a fish net apparently heading for a favorite spot in the creek next to the Town

Clark Bridge

Clark Bridge of Barney Street, a resident of Andover for the past 58 years, died Thursday, April 27, 1967, in the Bethesda Hospital, Hornell. He was 77.

Born Dec. 30, 1889, in South Dansville, he was a son of Arthur and Elizabeth Berger Bridge. Prior to moving to Andover, he had resided in Freemont.

Mr. Bridge retired in 1965 from Worthington Corporation. He was a member of the Andover Presbyterian Church and of the International Association of Machinists.

Surviving are his widow, the former Louise Will; a son, John, and a daughter, Mrs. Herbert Leonard, both of Andover; six grandchildren; a sister Miss Gertrude Bridge of Arkport; and a brother, Charles Bridge of Steven Mills.

Funeral services were held at the James B. Mulholland Funeral Home, Church Street, Andover, Monday at 2 p. m., with the Rev. Willis V. Poole, pastor of the Andover Presbyterian Church, officiating.

Burial was in Hillside Cemetery, Andover.

Ladies Swim Night

There will be Ladies Swim Night each Tuesday at 7:30 until 8:30 except the 2nd Tuesday of each month.

Hall, as we were afraid that he might plan on entering the contest — and possibly take all the glory away from the younger generation.

Thus we dashed down to the Office and dug out a copy of last week's paper (not out of the garbage pail either), and our fears were allayed — as it specifically stated in the rules of the contest that: "Children are eligible up to age 16" — so that would let the grown-up contestants out — no matter how young they feel!

C Of C Minstrel Show Ready To Roll

The orchestra has tuned up; choreographer Miss Polly Ford has demonstrated (flowers) ? ? ? to the End-Men, usherettes have pressed their gay nineties gowns, the Boy Scouts have practiced turning idiot cards—all is in readiness for the Big Chamber of Commerce Minstrel Show to be held in Andover Central School Friday and Saturday nights at 8 o'clock. Some Reserved Seats are still remaining — take your ticket to the bank to make your reservation.

The word is out that the always popular Messieurs Hyslip, Hyslip and Gardner of Wellsville will again appear as a Specialty Act.

Music for the End-Men and Chorus will be provided by the Orchestra — Mrs. Clyde Yorton, Oliver Kemp, Charles Pitts and Donald Pitts. Raymond McCormick is assisting with the lights and stage.

To make the show a success an audience is necessary. Get your ticket today or at the door as you arrive for the performance.
