### Zip-A-List Kits For Postal Patrons

The Andover Post Office has been notified to deliver one (1) notice No. 42 and one (1) Locator Kit No. 3762 to each Village box family or families during the week of Sept. 18th, and on the Rural Routes beginning the week of Oct. 2nd.

The project is part of Postmaster General Lawrence O'Brien's program to make Zip Codes more accessible to the mailing public and thereby increase the use of the codes in mailing addresses. Zip Code is necessary all year round to increase the efficiency of the postal service, and it is more important than ever around the holiday season. This year, the Post Office expects to handle well over nine billion pieces of mail during the Christmas rush. Zip Code will be a great help in delivering that mail accurately and on time.

Each family will receive eight (8) cards with spaces for the addressee to be "zipped" by the Post Office clerks and the kit will be returned to the return address, so please include your return address so that the Post Office will know where to deliver the completed form. Last year, thousands of people throughout the nation forgot to include the return address and their efforts to cooperate in the project went for naught. In addition to the kit, which is folded like a closed accordion, a separate card will be included to remind residents of their local Zip Code number — Andover, N. Y. 14806.
