LONG?

You read a lot of claims for long cigarettes these days but back in the '30's Head Plays cigarettes gave smokers an 11" length to keep them occupied. And now, 30 years later, you have something else to think about in connection with cigarettes. That's the dramatic insurance offer from Farmers and Traders Life Insurance Company. This offer states simply that if you haven't smoked cigarettes during the past year your Farmers and Traders life insurance will cost you less. This non-cigarette-smokers policy is a reward given to people who are better insurance risks because they don't smoke cigarettes. Let me tell you the whole story on this personalized insurance.
