Sportsmanship

Sportsmanship - that's a nice word. Do you know what it means? You think of course, I do. And it's standing while the other team sings their Alma Mater.

Is that all? Well, that's a start, anyway. Sportsmanlike conduct has as many different meanings as there are situations. It's not being a poor loser or a boastful winner. It's doing your best when it's your turn, and then standing aside while others show their skill.

Sportsmanship is not confined to a playing field or a spectators' gallery. It also applies to life and all the situations therein, too. It's not telling off the cop that stops you, and its not cheating on homework. Fair play extends beyond the basketball court to the classroom where students are given a chance to speak and not jerked by others when a student gives a wrong answer.

Is being a sportsman "square"? Yes, but after one gets used to fairness and equal opportunity, it rather grows on you. It makes the less fortunate feel a little producer, and the too proud feel a little humble. Try sportsmanship on for size some day. You'll probably decide to wear it again.

March Of Dimes

by Mary Howland

The March of Dimes largely supports the National Foundation, a private health organization. The collected money is used for virus research, patient care and for virus diseases such as birth defects, arthritis, and poliomyelitis. In past years, the money helped to develop the Salk and Sabin polio vaccines.

During the month of January there is a national fund being promoted to help support this research. The National Foundation for Infantile Paralysis was founded in 1938 by President Franklin D. Roosevelt. In 1958 it was reorganized under its present name, The National Foundation.

Let's all dig into our pockets and bring out, at least, one dime. We can help fight these diseases now and help prevent them in the next generation.

Purple And White

by Bob Brown

Last Friday night, after a long vacation, during which the Panthers worked out only four times, the A.C.S. Basketball squad hosted 6 - 1, second place Scio. We played "catchup ball" most of the game as junior Jim Rouse (6'4") was too much for us. The Tigers' lead of thirteen points was narrowed to nine in the third quarter, because the Panthers put on a full court press. However, in the fourth quarter, John Hames and Chuck Joyce fouled out leaving little board control. The final score was 70 - 50, Scio.

The Panthers are now in third place, 3 - 4 on the season. The next game is a non-league bout with Canaseraga on their court on January 12.

The J.V.'s also lost 48 - 30. High scorers were Jim Rouse with 26 for Scio and Dick Joyce with 19 for the Panthers.

The Problem Corner

Dear Eenie and Meenie. My mother bought me a pair of shoes for Christmas which I really don't care for. Although I appreciate the thought, I would like to return them, since I know that I will never wear them. How can I do this, without hurting my mother's feelings?

Signed - Thinking of Mom

Dear "Thinking", If you really feel that you would never wear the shoes, tell your mother that you feel the shoes are not quite suited to your taste. Ask her if it would be OK if you exchanged them for another pair. We're sure she'll understand.

Eenie and Meenie

Americans use 450 billion gallons of water a day, enough to cover one-fifth of the nation a foot deep.
