Betty Burch Is The 1968 Betty Crocker Homemaker of Tomorrow

Each year the Senior girls take a written knowledge and attitude examination initiated by the General Mills to determine the Betty Crocker Homemaker of Tomorrow.

Betty is a science major and has participated in the Junior play, Red Cross, Hi Herald, Library Council, Future Nurses Association, Girl's Athletic Association and Future Homemaker's of America.

Betty's achievement makes her eligible for state and national scholarship awards. She also receives a specially designed silver charm from General Mills.

Betty hopes to continue her education at Buffalo State where she wants to become a Home Economics teacher.

Editorial

by Mary Ellen Corwin
Safe Driving

Now that some of us are driving, and a few of us have our license, we must realize what responsibilities we are under-taking by taking the wheel of a car.

The fatality rate for young drivers between the ages of sixteen and twenty-five is the highest of any age group. A desire to live is only one reason to drive carefully.

Reckless driving does impress people. It doesn't impress them that the driver is "tough" or "cool". It does, however, impress them that that particular driver is immature and has no business driving an automobile.

Safe driving found in a teenager shows people the driver's maturity. It gains his respect. It sort of makes sense, doesn't it? Respect for the law gains you respect.
