

Girl Scouts from the Southern Tier Council visit Andover on their two County "Heritage" Bus Tour, with Mrs. Robert (Mary Monica) Smith telling them about the history and folk-lore of Andover.

Forty Girl Scouts on a 3-day Heritage bus tour of points of interest in Allegany and Steuben Counties arrived at the Andover Central School right on the scheduled time of 3:00 p. m. Thursday afternoon and were greeted by Mary Monica Smith who filled them in on Andover History.

The Girl Scouts started their trip Wednesday morning, meeting the bus at Corning, Bath and Canisteo. Their tour started in Can-

isteo where they visited the "Living Sign", Camp Gremer Girls Scout Camp, Sign Factory, and the Home of Mrs. Mider; the famed Civil War "underground railroad" stop. They then journeyed on to Hornell, Arkport and Howard, Avoca and its potatoes, muckland and rural poverty; Prattsburg and the Narcissa Prestiss Legend, Pulteney and the rickshaw, vineyards and wine; "Kenka Lakers" and the Glenn Curtiss Memorial; staying overnight at the Scout House in Hammondsport.

On Thursday, April 18th, the second day of the Heritage Trip, the Scouts visited Bath to hear about Charles Williamson and the Pulteney Association of London, the Tiffany Rose Windows in the Presbyterian Church and Lou Henry Hoovers' personal interest in Girl Scouting in Bath. After

lunching at the State University Ag-Tech at Alfred, Mr. Robert Hale, President of Alfred Historical Association talked to the Girls about the history of Alfred and its two colleges, and then on to their scheduled stop in Andover. Dinner was served by students of Mr. Peter E. Van Kleeck's Food Class of Alfred State Tech College in Wellsville with Mr. Arthur Van Tyne, guest speaker, bringing the girls "geologically" up-to-date on "oil" and Allegany County.

Starting from Wellsville early on the 3rd day of their tour, the Scouts heard about Wellsville's Pink House and its love story; Van Campen and Philip Church of the Seneca Indian Council House at Caneadea; the history of John L. Sullivan at Belfast and of Belvedere and Angelica.

At Houghton College, Mrs. Frieda Gillette, Professor of History and Political Science, spoke to the Scouts about Genesee Valley History, the Genesee Canal and Jockey St. Mrs. Elizabeth E. Cooke, Instructor of Botany then showed them Moss Lake Sanctuary, owned by the Nature Conservancy of Washington, D. C., consisting of 30 acres of open water and quaking bog formed as a glacial lake during the history of the last glacier; ending the tour at the Indian Museum in Belmont. This trip enabled the sixteen Roundup Scouts who will be attending "Discovery '68" at Camp Drum in July, as well as other Senior Girl Scouts of the Allegany-Steuben area, to tour, study, discuss, and learn of the history of their local home Counties.
