Talk about the long and short of it. The longest will on record took up 4 bound volumes consisting of 95,940 words. The shortest will was in 3 words—"All for Mother." This one was contested by the way, Maybe "Mom" didn't get "all."

One way to provide for the future is through personalized insurance offered by my company, Farmers and Traders Life. A good example is disability income insurance that provides cash to pay bills in case your income is cut off through illness or accident. case your income is cut on through illness or accident. What a boon to go on as usual even if income stops suddenly. I'd certainly appreciate the chance to explain the details of this disability income plan:

Robert McNinch of Belmont, who urged his supporters to "back" Mr. Burdick.

Mr. Harrison said: "In my business experience I have always believed in promotions from within. Richard C. Burdick has devoted 18 years to serving the Allegany County Sheriff's Department. This devotion to duty should not be tossed aside. We presently have an excellent sheriff in F. Vanama Jones and Mr. Burdick reflects the same philosophies and outlooks as the sheriff's.

"He has served long terms of duty as deputy sheriff and currently as undersheriff. He is intimately familiar with procedures and methods currently used by the department and can very easily carry out the transition

timately familiar with procedures and methods currently used by the department and can very easily carry out the transition with no disruption of rountine and duty. After considerable thought and consideration, I feel obligated to throw my entire support behind him in the current race for the Republican candidacy. This is a personal decision on my part and is not an official move by the County Republican Committee, which has a policy of not endorsing a candidate prior to a primary election."

Sheriff Jones had announced previously that he would not seek re-election to the post he has held for approximately 30 years.
