Sell Cigarettes? Better Read This!

State Tax Commissioner Joseph H. Murphy has announced that all cigarette dealers in New York State — including retailers, sub-jobbers, vending machine operators, chain stores, wholesalers and manufacturers — must take a physical inventory of cigarettes on hand at the close of business on May 31 preparatory to paying the additional tax of 2c a pack.

The order to take inventory was issued by Tax Commission regulation and must be complied with before the increase in the New York State cigarette tax from 10c to 12c per pack becomes effective June 1. The tax increase is pursuant to Chapter 245 of the Laws of 1968.

In the case of jobbers and manufacturers, the inventory must include unstamped stock, New York State stamped stock, and New York City and State joint stamped stock.

After taking the required inventory, every dealer, including jobbers acting as agents to affix cigarette tax stamps, must file a Floor Tax Return and pay a tax of 2c for each package of 20 cigarettes on hand and stamped at the old 10-cent rate with State or joint State-New York City tax stamps.

All available tax examiners, investigators and inspectors of the Tax Department throughout the State will be utilized in the field beginning May 27 to help distribute and assist members of the tobacco industry in preparing their Floor Tax Returns.

The forms for the Floor Tax Returns may be obtained from cigarette wholesalers, all New York State District Tax Offices, various banks which act as fiscal or sub-fiscal cigarette agents, or tobacco dealer associations.

The Floor Tax Returns and remittance, made payable to the New York State Tax Commission, must be filed on or before June 20, 1968, with the Miscellaneous Tax Bureau, Building 9, State Campus, Albany, New York, 12226.

Would You Believe
A
2662 lb
SHARK!

Largest fish ever caught by you was a white marlin, eating shark weighing 2,662 pounds and taken out of South Australian waters. I think I prefer brook trout myself, or maybe a 2-lb. bass.

Just as your taste in fishing may differ, so might your choice of insurance policies. For instance, you may have a special reason for being interested in Farmers and Traders mortgage cancellation plan that gives your family cash to pay off the mortgage if something happens to you. This is "Personalized Insurance" made to order for you. Anyone with a mortgage to pay should be interested in a mortgage cancellation policy. If you're interested I'd certainly like a few minutes to tell you about this plan.
