**LETTERS TO THE EDITOR**

Dear Ralph:  
The enclosed reprint of a Warner & Swasey ad certainly hits the nail on the head when we are wondering "Wot Happened"!  
Regards,  
George Karcanes

The following is a copy of the ad mentioned and certainly is worthy of a great deal of thought:

"What's happened to government 'By the people'?"

13 to 1, the people say they want government expenses cut rather than any tax increase. Yet government increases expenses, hires thousands more civilian employees, adds even more bureaus, and continues to squander millions on such things as a study of East African monkeys. And then it says it has to increase taxes.

Three fourths (¾) of the farmers of America want the government to take its hands off farming, save the billions it now squanders on "farm aid" and let the farmer run his own business. So government increases its farm budget to 6¼ billion dollars and adds 1,400 employees to the Agricultural Department.

The people appoint, pay for, support police forces to protect them. Yet government courts go out of their way to obstruct the people's police and pamper their enemies, the criminals.

What has happened to the government we proudly claim was "of the people, by the people, for the people"? Whose country is it, anyway?

Ed. note: --- To this we say AMEN! LET'S DO SOMETHING ABOUT IT!!!

Here we are in another U.S. Presidential race and no leading candidate is discussing much, to any degree, what should be the Chief Consideration thereof — viz., the Constitution of the United States!

This decline of U.S. Constitutionalism has forced me, Sir, to become interested, most definitely, in U.S. Politics.

Apparently the big City Editors are, sorrily, no longer interested in the U.S. Constitution!

I appeal to you so-called "Small" Editors to "soup the people up" on said Constitution! — Americanism Time U.S.S.

Constitutionalism will not die without a fight! I warn all the jaded ones — all the apathetic!

I appeal to the "small" Country folk of America! YOU — of the Home Guard — who have lived in America since before yesterday, to SAVE THE CONSTITUTION!!!

Yours for Americanism,  
Henry Stoner

John (Quail) Partridge comes racing in to score the 4th run of the game as Andover really gave the starting pitcher the "works". News Photo

"Bob" Post scores run No. 5 during another Andover "rally" that put them out in the lead again. News Photo

"Tom" Polmateer really comes "sliding home" to score the 6th run of the game "in a cloud of dust". Tommy's slide disrupted the catcher so much that he missed the ball which can be seen in the air halfway between the "Ump" and the Catcher above "Tom's head". This could very well be where Tom picked up that nasty gash on his knee that had to be taped up (Namely, from the spikes on the Fillmore catcher's left foot.) News Photo
