**Governor Romney To Address Youth**

Governor George Romney and his wife Lenore are scheduled to speak July 14, at a youth conference in Ithaca, New York sponsored by The Church of Jesus Christ of Latter-day Saints, announced David Downing of Alfred Station, who presides over the Alfred branch of the Church.

Youth conferences of this type are held annually and are open to the youth of a greater part of New York State. Several from the Hornell area are planning to attend the week-end conference.

Although keeping an extremely tight schedule Romney feels a deep concern for the youth of our nation. Of the difficulties among the youth today Romney has said: "the gravest threat to the future of our country is — the decline in religious conviction, moral character, and family life." Mrs. Romney also expressed her concern by stating upon one occasion: "Children are being brought up to think the Ten Commandments are old fashion — we cannot succeed in terms of money, prestige, or power. Success is in seeking, understanding, and loving God."

The theme of the conference will be "Towers are for Climbing" and will center around defining the opportunities and responsibilities of the youth in our fast moving world. The conference will open on the Ithaca College campus with a variety show on Friday evening. Other activities of the week-end will include a fashion show, sports, and dancing with dance instructions from Alma Heaton of the faculty of Brigham Young University at Provo, Utah. The conference will close with a worship service on Sunday morning at 10:00 where Governor and Mrs. Romney will address those attending the conference.

**Information About Employment To Be Sought By Census Bureau**

Information about employment will be obtained in a survey of house-holds here the week of July 15, Director James W. Turbitt of the Census Bureau's regional office in Boston announced.

The information will be used by the U. S. Department of Labor's Bureau of Labor Statistics in determining national employment and unemployment figures. Last month's survey showed that the unemployment rate remained at 3.5 percent for the second consecutive month. The identity of households throughout the U.S. participating in the survey is confidential, and the information obtained will be used only for statistical purposes. Census Bureau interviewers who will visit households in this area between July 15 and 20 is Mrs. Pearl Wormley, Hornell, New York.
