Dear Mr. and Mrs. Editor:

I just have noticed your page 1, editorializing July 4th issue, re Gun Control Legislation! I wish the Second Amendment to the Constitution of the United States was generally construed in these extra-Constitutional modern times as you are want so to construe! I base my opposition to such legislation, as well as anti-pornography legislation, on the same principles which defeated the Volstead Act and the Eighteenth Amendment, viz, on unenforceability.

Can't you already, ahead of time conjure up all the types of news stories which will emanate from such control legislation — of innocent people getting involved in the cruel clutches of the law, etc., etc., ad inf.?

Also the Mafia (or Cosa Nostra) truly is HOT FOR such control legislation, just as Al Capone et al was HOT FOR Prohibition — because such will expand their already \$6 — 10 Million Annual "take" as the Chief Sin Corporation, Inc., of our U.S.A.! The said MAFIA will supply, for a price, any would-be assassin in need of a gat etc.!

I was just reading in Princeton Professors Mason and Beane's "American Constitutional Law" (Prentice - Hall, 1954) that "a generation ago it was not uncommon for school children to memorize the U. S. Constitution". Maybe if we'd get schools to revive this U.S. Constitutional Memorization, we'd have a lot more people aware of the Second Amendment — as well as what caused the 21st Amendment (Repeal)!

Americantly,
HENRY STONER

Belmont, New York

Letter to the Editor:

I wish to express my sincere thanks and appreciation to Mr. Don O. Cummings of Wellsville and Mrs. Harlan Hale of Canadadea, Co-Chairmen of the American Cancer Society's 1968 Crusade, for a well-organized and effective campaign; to all the community captains and volunteers for their many hours of service and to all the people who have contributed funds.

At this date, with final soliciting nearly completed, \$13,400 has been received. Contributions will still be accepted and memorial gifts may be made at any time. The 1968 quota for Allegany County is \$15,000.

With funds contributed the American Cancer Society, New York State Division, Inc., carries on the three-fold program of Service, Education and Research.

Service to help cancer patients and their families meet the problems of this serious illness and rehabilitation.

Programs are conducted for the education of the public concerning cancer, its symptoms and importance of early discovery; also, bringing the latest developments in the diagnosis and treatment of cancer to the medical profession.

Research to learn what causes cancer, ways to prevent it and new methods of cure.

Cancer ranks second as a killer of our people. Its toll in human lives, in bereaved families and in personal impairment is beyond measure.

Thanks to everyone for their help in fighting Cancer.

Mrs. John Billings, Reporter

July 16 — Mr. and Mrs. Carl Monroe, Janet Lee and Priscilla Billings were in Coudersport Wednesday to call on William Green at the Charles Cole Hospital.

Mr. and Mrs. Richard Montgomery of Canistota called on Mr. and Mrs. Carl Monroe Thursday.

Mr. and Mrs. Harold Mead and daughter of Hornell visited Mr. and Mrs. Carl Monroe on Sunday.

Mrs. Sy le Billings, daughters, Ella and Rose attended the Renne-Milkins wedding at the Alliance Church in Wellsville on Friday night.

Kevin and Jeffrey Monroe, sons of Mr. and Mrs. Terry Monroe of Wellsville spent the week-end with their grandparents, Mr. and Mrs. Carl Monroe and family.

Mr. and Mrs. John Williams of Olean, sister of Mrs. Glenn Halser, visited them on Sunday. Mr. and Mrs. Art Havens and family called in the evening.

Mr. and Mrs. Walter Newell of Baltimore, Maryland visited his sister, Mr. and Mrs. Joe Grant and family over the week-end.

Mr. and Mrs. Irving Whitesell and family visited Mr. and Mrs. Carl Whitesell and family on Sunday. Their son, Joe and Mrs. Whitesell also visited them on Sunday.

Mrs. Edith Whitesell attended a Beehive Party at the home of Mrs. Maxine Whitesell in Wellsville on Monday night.

Mrs. Ernestine Whitesell and Anita and Candy drove Miss Wanda Harvey to Buffalo Saturday where she left by plane for Houston, Texas

A policeman in Dallas asked an injured pedestrian if by chance he'd noticed the license plate number of the driver who'd hit him. "No", he answered. "But I'd remember his laugh anywhere."

Proclamation

July 15 - 23
Hay Fever Control Week

Details of the State Health Department's 1968 daily ragweed pollen count reporting service were announced today by Dr. Hollis S. Ingraham, state health commissioner.

Dr. Ingraham said the service, outlined in Governor Rockefeller's proclamation of July 15 - 23 as Hay Fever Control Week in New York State, will be provided from July 29 through September 27. Daily counts will be provided to newspapers and radio and television stations requesting the information.

The annual service, which was initiated in 1958, will be performed by volunteers in communities throughout the State, exclusive of New York City. Daily reports, based on 24-hour tests, will be available by noon.

A total of 46 communities took part in the program last year and at least that many are expected to participate this year.

Dr. Ingraham pointed out that more than one million New York State residents suffer from hay fever. He said "Ragweed grows primarily in vacant lots, abandoned fields and wherever the soil has been disturbed and where grass and other weeds do not interfere with it. It will blossom in late July and, since hay fever sufferers are bothered only after the plant blossoms, it should be sprayed, cut or destroyed at once."

Ragweed plants have hairy green stems—feathery parted leaves and long, spiked yellowish-green flowers.

The ragweed readings will be in grains of pollen per square centimeter. Readings of seven or above indicate a "hay fever day." Readings of 25 or higher signify heavy contamination.

A free pamphlet, "Ragweed Hay Fever", may be obtained by writing to: Hay Fever, New York State Department of Health, 84 Holland Avenue, Albany N. Y. 12208. The pamphlet explains the seriousness of the ailment and gives tips on control of ragweed.
