

Red's Racetrack Rambles

Well racing fans, if you weren't at the races at Woodhill Saturday night, you sure missed some good races. The weather was cool, and just right for racing.

In the Mid-Season Hooligan Championship Race, Jerry Updyke No. 81 took the Trophy and in the Sportsman Championship Race, Bob English, No. 66X, captured the Trophy.

For a brief re-cap of the evening's races — Ivan Smith No. 350, won the First Heat; Ray Heyshaw No. 1X, the 2nd; Skeet Crane No. U/P, 3rd. In the Championship Race, Jerry Updyke No. 81, was First; Don Davis No. 5, 2nd; Skeet Crane No. U/P, 3rd; Steve Houghaling No. 27, 4th and Chuck Causar No. 309, 5th.

In the Sportsmen's Mike Clark No. 711X was 1st; Herb Layfield No. 48, 2nd; and Roger Bacon, No. 19, 3rd. In the Championship Race, Bob English No. 66X, was First; Ivan Jackson No. 56, 2nd; Bill Denting, No. 11, 3rd; Herb Layfield, No. 48, 4th; and Larry Eccleston, No. 363, 5th.

In the Modern — hfersu. 71, was First; Bob Gee, No. 280, 2nd; Bill Layfield, No. 121, 3rd; and Phil Pipe, No. 16 won the "Consy". In the Feature — Arnie Flint, No. 97 was First; Bill Layfield, No. 121, 2nd; Phil Pipe, No. 16, 3rd; Basil Shutt, No. 13, 4th and Pete Kent, No. 27 was 5th.

This Saturday night will be the Mid-Season Championship Race for the Modern Class and if they run as good as they did last Saturday, it will be a race you don't want to miss. See you at the races?

The garden of Fort Crailo was the scene of the composition of "Yankee Doodle" by Dr. Richard Shackburgh. The original structure was built in 1612.

Alfred Station, N. Y.

Dear Mr. Allen:

Well we arrived at Alfred Station on July 19 after nearly 10 weeks of travelling and 7100 miles. We had a wonderful trip, stopping at interesting places, sightseeing, etc.

After leaving Zion Nat. Park we went to Capitol Reef Nat. Monument in Utah then northeast to grand Junction, Colorado. From there east to Montrose and on east over the Monarcle Pass.

We encountered a hail storm one night in Kansas. Also stopped at Abilene, Kansas. Saw Eisenhower's home and museum. Wonderful presents and gifts are in the museum.

Then on east to Marloboro, Ohio where we attended the National Fan Travel Trailer Rally, then on to Alfred Station.

At the National Fan Rally we won an electric warming tray, for coming the longest distance.

Guess this is all
Art B.

THE SENATE
STATE OF NEW YORK
ALBANY

July 16, 1968

Mr. O. J. Brundage
Grove Street
Andover, New York 14806

Dear Mr. Brundage:

Thank you for taking the time to advise me of your views on the subject of firearms legislation. I have given careful study to this subject and to the bills which have been introduced in the New York State Senate. It is my firm conviction that, although the proponents of firearm legislation are well-meaning in their efforts to combat crime by this type of legislation, the proposed licensing laws would not accomplish its intended result.

On January 9, the Joint Legislative Committee on Crime, Its Causes, Control and Effect on So-

Eligibility For Medicaid After April 1, 1968

The following article is from The State Health Department giving instructions for interpretation of the Attorney General's opinion of continuing eligibility for Medicaid after April 1, 1968:

In accord with Chapter 32, Laws of 1968, many persons now eligible for Medical Assistance For The Needy (Medicaid) will lose their eligibility status on April 1, 1968 because of substantial changes in the financial eligibility standards. The problem immediately arises as to the status of patients who are on continuing care for an illness or disability which began prior to April 1st and is to continue beyond that date.

In response to a request from the State Commissioner of Social Services, the State Attorney Gen-

eral has advised, that in his opinion, continuing medical care covered by Medicaid before April 1, 1968 "should be continued and paid for at all levels in the same manner as though repeal had never been effected".

The same report demonstrates, forcefully, that we must have immediate legislation strengthening our police departments, the offices of our district attorneys and our criminal courts system. I shall do everything in my power to pass a responsible bill to give added strength to the war on crime.

On balance, however, I do not believe that the registration of rifles and shotguns will accomplish any reduction in the crime rate. On the other hand, it would be a source of harassment to sportsmen in this State. For that reason, I shall voice my opposition to any proposal which would mandate the licensing of such firearms.

With kind regards,
Sincerely,

EARL W. BRYDGES
Temporary President

er has advised, that in his opinion, continuing medical care covered by Medicaid before April 1, 1968 "should be continued and paid for at all levels in the same manner as though repeal had never been effected".

The following categories of care will be considered as coming under this opinion of the Attorney General:

1. All medical or dental care for which specific authorization was granted prior to April 1, 1968, will continue under the Medicaid program for the amount of care or the period of time covered by the specific authorization but not to exceed one year in duration. This includes children coming under the Physically Handicapped Children's Program. This will also apply to approvable requests which were made prior to April 1, 1968 but not acted upon prior to that date.

2. Persons hospitalized prior to midnight of March 31, 1968 will continue under the Medicaid program for the period of hospitalization called for but not to exceed any date determined by the utilization review committee of that hospital as being a time beyond which hospital care is no longer indicated, plus such posthospital care for surgical patients as is included in the State Medical Fee Schedule (e.g., in the case of a radical mastectomy, post operative care would extend over a period of 60 days, the cost of such care being included in the overall fee schedule).

3. Where a diagnosis calling for hospitalization is made between March 1 and March 31, the patient will be covered by Medicaid for such hospitalization if begun on or after April 1, 1968 provided the hospital admission occurs no more than 30 days subsequent to such diagnosis and not later than April 30, 1968. The duration of the hospital stay shall be governed by the same provisions as for a patient already in the hospital on April 1, 1968.

4. For pregnant women who have begun prenatal care under Medicaid prior to April 1, 1968, complete obstetrical care will be covered by the Medicaid program. Each such woman should immediately submit to the local Social Services District a statement signed by her private or clinic physi-

cian indicating that he has made a diagnosis of pregnancy and that the woman is under appropriate care.

5. When an ambulatory or homebound patient is under the continuing care of a physician, dentist, optometrist, podiatrist, chiropractor, home health service or rehabilitation agency for a given spell of illness, such care will continue under Medicaid coverage during that spell of illness but not beyond April 30, 1968. This provision applies only to care not requiring prior authorization and is extended to both private office and clinic service. Prescriptions for any medical services and supplies will be covered under Medicaid provided they are signed on or before April 30, 1968 and filled on or before May 3, 1968. Prosthetic devices requiring special fabrication will be covered by Medicaid if prescribed before April 30, 1968 although delivery may be delayed beyond that date.

6. For patients in skilled nursing homes on March 31, 1968, Medicaid coverage will continue for 30 days but not later than April 30, 1968.

At this time there is pending an amendment to Chapter 32 of the Laws of 1968 which would eliminate the provision which would have required certain persons covered under the Medicaid program to pay for 20 percent of non-institutional services.

I trust that this clarification of the status of the patients losing their financial eligibility for Medicaid as of April 1, 1968 will be helpful to you. If there are any questions about a given situation, may I suggest that you contact the local Health Department medical director serving your local Social Services District.

Sincerely yours,
Hollis S. Ingraham, M.D.
Commissioner of Health

Would You Believe
A WALK
OF 871
MILES —
ON THE
HANDS?

We didn't believe it either but in 1900 a Vienna man walked from Vienna to Paris on his hands. Why? Perhaps his shoes weren't comfortable.

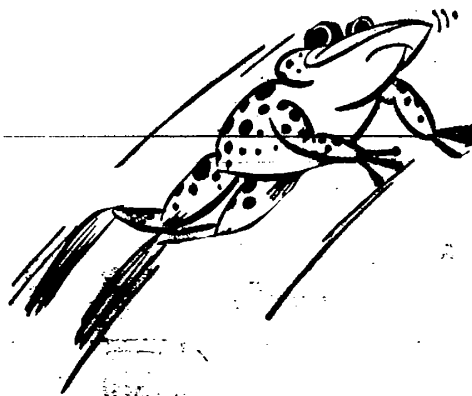

Wonder if he bragged about his walk in his retirement years? As for your retirement, you'll have something to brag about if you've planned ahead with a Special Retirement Plan of Farmers and Traders Life Insurance Company. This personalized insurance plan sets up income for as long as you live after 65, with liberal benefits if death occurs before 65. Added plusses are dividend payments and emergency funds along the way. I'd be pleased to show you how this fine Special Retirement Plan can be fitted to your goals and resources.
