### Red's Racetrack Rambles

Well folks, here we are again — back in civilian life after spending 17 days in army uniform. Thus, starting this coming Saturday we hope to be able to go back to blow-by-blow descriptions of the races.

This week, thru the assistance of my trusty understudy, we can at least give you the results of last week's races.

In the Hoeligan Class: Bob Hall, No. 78X, won the 1st heat; George Burton, No. 350, took the 2nd heat; Jerry Updyke, No. 81, the 3rd heat; and Ray Buchanan, No. 555, the "Consy". In the Feature Steve Houghtaling, No. 27, was 1st; Dick Caser, No. 33, 2nd; Ken Calkins, No. 7, 3rd; Fran Slocum, Jr., No. 3, 4th; and Howie Slocum, Jr., No. 8 Ball, 5th.

In the Sportsman Class: Ray Altman, No. 45X, took the 1st heat; Mike Clark, No. 711X, won the 2nd; Herb Layfield No. 48, the 3rd; and Warren Kinney, No. 4, took the "Consy". In the Feature, Bob English, No. 66X, was 1st; Chuck Wright, No. 66, 2nd; Herb Layfield, No. 48, 3rd; and Roger Bacon No. 19, 4th.

In the Modern Class: Ben Hall, No. 71, won the 1st heat; Basil Shutt, No. 13, took the 2nd; and since the 40 lap mid-season's Championship Race was coming up for the feature, there was no "Consy". In the Feature — Arnie Flint, No. 97, was 1st; Don Buchanan, No. 11X, 2nd; Bill Layfield, No. 121, 3rd; Leo Houghtaling, No. 42, 4th; and Bob Gee No. 28, 5th.

Well racing fans, that wraps it up — so, see you at the races — weather permitting?

### Southern Tier Expressway Contract Awarded

Gov. Rockefeller has announced the award of a contract for \$12,433,911 to the Hunkin-Conkey Construction Co. of Cleveland, Ohio, for construction of 6.85 miles of the Southern Tier Expressway in the Towns of Randolph and Cold Spring, Cattaraugus County.

The firm submitted the lowest of four bids to the State Department of Transportation. The State's share of the cost of the project will be financed with funds from the Transportation Bond Issue approved by the voters last fall.

The four-lane expressway with twin 24-foot-wide concrete pavements separated by a median of 100-foot minimum width will be built from West Main Street in the Village of Randolph easterly on new location to Steamburg Road. The project will connect an expressway section under construction in the west with another that is partially complete with two open lanes in the east.

A total of 5.46 miles of across road work will include construction of interchange ramps at each end of the project and a series of road sections paralleling the expressway to connect local roads. Ten bridges will be built.

Scheduled for completion by December 30, 1970, all work will be under the supervision of Norman W. Krapf, engineer in charge of the Department of Transportation District Office at Buffalo.

### An Open Letter

Dear friends,

Several people have expressed to me grave concern for the situation in Biafra in West Africa. As you know, hundreds of thousands, if not millions, of people may soon die of starvation. The Federal Government of Niagara has offered to open the blockaded roads to allow food into the starving areas. But the Biafrans fear that the food may be poisoned, and that an open road will be an invitation to invasion. Since they love life, the Biafrans chose to die slowly.

Is there any way in which individuals, such as us, can offer assistance to these starving people? Or must we watch a grim human tragedy take place? There is something we can do. We can mail checks (tax deductible) to the following agencies:

Church World Service  
 475 Riverside Drive  
 New York, New York 10027  
 Catholic Relief Services (U.S.C.C.)

350 Fifth Avenue  
 New York, New York 10001  
 United States Committee for U.N.I.C.E.F.

United Nations  
 New York, New York 10017

Label checks "For Biafra relief work." If any one can, these organizations will bring (and in fact, are bringing) aid to the hapless country of Biafra. The need is now. Our selfless giving is imperative.

Sincerely,
