

GREENWOOD NEWS

Grace Young, Reporter

The Annual Call Family Reunion was held at the William Call Estate in Hartsville Sunday. Mr. and Mrs. Richard Call were hosts for 38 members. Officers for 1969 are: Richard Call, President; Mrs. Daniel King of Bath, Vice-President; Francis Acker of Greenwood, Secretary; Lawrence Acker of Wellsville, Treasurer and Mrs. Robert Clair of Hornell, R.D. 1, Historian. Francis Acker attended from Greenwood.

The Miller - Redmond Reunion was held at the West Greenwood Grange Hall Sunday, August 3 with twenty-five present. Members attended from Buffalo, Romulus, Bath, Rochester, Hornell, Canisteo, Andover, Jasper and Greenwood. Officers for 1969 are: President, Redmond Goodno of Buffalo; Vice-President, Sargent Miller of Romulus; Secretary, Miss July York of Greenwood and Historian, Mrs. Leonard Hollembeck of Jasper.

Mr. and Mrs. Carol Bassett on the Canisteo Road were hosts Sunday for the Krusen Family Reunion with about fifty present. Mrs. Marion Margeson of Jasper, Historian, gave a report and families brought baby pictures to show. Mr. and Mrs. Alfred Krusen will be hosts in 1969 at their home in Jasper. Attending locally were Mrs. Clara Krusen, Miss Veilma Krusen, Mrs. Sally Bassett, Mrs. Elva Sherman, Mrs. Pearl Bassett, Mr. and Mrs. Howard Sherman, Mr. and Mrs. Franklyn Krusen and Allyn, Mrs. Rodney Burley and family, Mr. and Mrs. Dale Sherman and family.

The family of John Rogers gathered at his home Sunday, July 28 for a picnic dinner to celebrate his 89th birthday. A large tiered birthday cake was made by Mrs. Etta Hurd and decorated by Mrs. Beverly Quick. The family gave him a rocking chair. There were twenty-four including his two daughters, Mr. and Mrs. Robert Ordway of Canisteo and Mr. and Mrs. Francis Cable of Andover; grandchildren and great grandchildren: Mr. and Mrs. Ronald Hurd and four sons of Greenwood, Mrs. Carol Button and four children of Genesee, Mr. and Mrs. James Waters (Lynn Cable) and daughter of Buffalo, Miss Beth Cable of Andover, also Mrs. Freeman Rogers of Andover and Mr. and Mrs. Walter Manion of Wellsville. Mrs. Hurd and Mrs. Quick also visited him Saturday on his birthday and took him cakes.

Mr. and Mrs. Nelson Hawkins and friends of Bath and Mrs. John Murray and family of Andover, attended the Scout Campfire Ceremony at Wolf Creek Friday night. David Hawkins stayed with his grandparents, Mr. and Mrs. Stanley Murray.

Mr. and Mrs. George Puffer of Canisteo, Mrs. Everett Osmin, Misses Judy Sampson and Maria Murphy and Randy Heckman spent Sunday at Four Lakes.

Mr. and Mrs. George McCaffery Jr. of West Greenwood have a new granddaughter born to their daughter, Barbara, Mr. and Mrs. Kenneth Dehn of Avon at Bethesda Hospital, North Hornell, Monday, July 29th.

Mr. and Mrs. Roger Williamson (Jianne Smith) are parents of a son born Tuesday, July 30 at the Bethesda Hospital, North Hornell. Mr. and Mrs. George Williamson are the paternal grandparents.

Mrs. Merrill Holt called at the St. James Mercy Hospital, Friday and Saturday where her mother, Mrs. Louise Main of Canisteo was admitted Thursday night.

Mr. and Mrs. Bryan Higgins, Denise and Dean, were on a vacation in Pennsylvania Thursday to Sunday, including a visit at Hershey.

Airman Robert Hendrickson, son of Mrs. Mildred Hendrickson, is aboard the Aircraft Carrier USS Randolph on sea duty to South America.

Mr. and Mrs. Howard Holt and

family of Batavia, and her mother, Mrs. Freda Allen of Wellsville, called at the home of Mr. and Mrs. Wallace Holt Thursday. Mrs. Allen was going for a visit with her daughter.

Mr. and Mrs. Albert Lamphier were Sunday dinner guests of her mother, Mrs. Claude Daggett at Delevan.

Mrs. Harriet Redmond, Mrs. Blanche Goodno and Miss Grace Young have attended an evening session of the Vacation Bible School at the West Union Mennonite Church. The enrollment has reached 140 from Nursery through Adult Classes.

Mr. and Mrs. Douglas York and sons Roger and Tom are spending this week at Keuka Lake. Sunday they were hosts for a family picnic including Mr. and Mrs. Clinton York and Judy; Mr. and Mrs. Richard York and family and Mr. and Mrs. Charles Smith and daughters Diane, Karen and Denise, and Mr. and Mrs. Terry Smith of Rexville.

Mrs. Doris Heckman of Phoenix, Arizona, flew to Elmira Saturday and was an overnight guest of Mr. and Mrs. Howard Banks and family at Horseheads. Sunday the Banks family, Mrs. Heckman and daughters, Michelle and Marcia, who have been visiting their father, Harold Heckman at Bath, were guests of their parents, Mr. and Mrs. Homer Banks. Mrs. Heckman is spending two weeks visiting her parents and relatives.

mond Reunion Sunday and spent several days with her daughter, Mr. and Mrs. Daniel Redmond.

Francis Acker attended the 50th wedding anniversary Open House for Mr. and Mrs. James Burns at Bath Friday evening.

Mr. and Mrs. George Angello entertained his parents from Bradford, Pa., and brother, Phillip Angello from Pittsburgh, Pa. Sunday.

Miss Jayne Krusen on the staff at Strong Memorial Hospital in Rochester, was nurse July 14-27 for the Campfire Girls at Lake Demon. Jayne is the daughter of Mr. and Mrs. Franklyn Krusen and returned to Rochester Tuesday, July 26. Another daughter, Donna, left Sunday with her husband, 1st Lt. John Miller, to return to his base at Fort Devans, Mass. They had been home for ten days and attended the funeral of his grandfather.

Rev. Gerald Wolter is having vacation for the month of August. The family will go Friday for a week at a lake in the Adirondacks.

Rev. Wolter was in charge of the Services in the Greenwood United Methodist Church, Sunday. Principal Robert Hoagland will be the speaker August 11 and Virgil Hussey, August 18th.

Mr. and Mrs. Virgil Hussey and Miss Cheryl Hussey were home from North Chili for the week-end. He will complete teaching the summer course this week at Roberts Wesleyan College.

Robert Beckwith finishes a summer course at Alfred University this week.

"Cold" lightning bolts flash 20,000 miles a second, so fast they can cause a tree to explode. "Hot" lightning bolts radiate 27,000 degrees F. of heat and can set a tree on fire.

Artificial Tasting Experiments May Be Helpful To Mankind

Food manufacturers are constantly looking for better ways to maintain taste quality in food products.

Preliminary experiments with a new "artificial taster" at Cornell University may someday solve the problem of quantitative taste control and do it all electronically.

Electronic engineer Bob Griffith working with Prof. Paul A. Buck in the department of food science at the N. Y. State College of Agriculture, Cornell, is hoping to be the first person to make such a breakthrough.

Not content with current methods of measuring quantitative tastes, the young researcher foresees the day when a sophisticated model of the present experimental "tongue" might also lend a hand in diagnosing medical ills before they have a chance to develop into serious diseases.

Buck says that a biopsy of the tongue may reveal disorders in the human body. This, he said, can lead doctors to further examine a patient to see if there might be some deeper disorder.

Based on preliminary experiments, an animal that had its adrenal glands removed was objectively tested by this laboratory device by using a biopsy from the animal's tongue. Such a rapid biopsy to detect abnormalities would be a boon to every doctor and hospital in the country.

The artificial tongue is the device the Cornell researchers hope will eventually do the job.

Made of hard, see-through plastic, the tongue is fed from the bottom by a tube carrying a saliva formula over ground experimental animal tongues placed over the top of an electrode.

In turn, the electrode sends signals to an oscilloscope which makes a visual chart on a graph of the animal's tongue reaction to any materials that pass over it.

This gives readings that make it possible to check the material accurately to see if it remains constant. If it does not, the oscilloscope simply gives a different reading.

On the medical side, a supposedly diseased tongue can also be pinpointed if a reading is compared to that from a normal, healthy tongue.

Thus, researchers know that something is amiss if the meter does not give near constant readings. It could either be that the tongue is diseased or the material has changed in content, which would also change the taste.

Both Prof. Buck and Griffith say it is still too early to predict what the "tongue" experiments might lead to.

But they are optimistic about the few results that are already in. The research work is being supported by a grant from a food processing firm.
