Editorial

It's September again and mothers are breathing sighs of relief as their children go off to school. It may make some mothers feel a little older now that their youngest is in kindergarten. Others are wondering where the years have gone and can't believe that their child will graduate next June.

Most students start out the school year saying, "This year I'm going to study really hard and make some good grades for myself!" It lasts for awhile, but the enthusiasm soon wears off. The rest of the year slips by with little or no effort on our part. Little effort can only result in low grades.

Let's make this year different! Everyone can stand a little more studying and less fooling around. Let's begin by exerting a little more effort and by making a good record for ourselves.

The first non-league game is set for September 20 with Greenwood journeying to Andover. Another non-league game will be played at a later date, October 9, with Andover traveling to Greenwood.

In high school, "Bob" majored in business courses. He attended the Belmont Central School before moving to Andover. "Bob" has been active in many sports at Andover. He has been a member of the soccer team for three years, basketball for four years, track for two years and baseball for two years. "Bob" was the stage manager for the Junior Play. Did you ever notice how suddenly your old clothes become shabby after you've bought a new suit.

Buy Bonds where you work. They do.

Why do our servicemen buy U.S. Savings Bonds? Their reasons are the same as yours and mine: saving for the future, supporting freedom. And because they're fighting for freedom, too, maybe servicemen see the need more clearly than many of us. Buy Bonds. In more than one way, it makes you feel good.
