

News That's Print To Fit

Wow! What a week this has turned out to be! Starting with a 22 hour day on Monday, things haven't improved very much up to press time. Since September is usually a rather dull month as far as the Newspaper advertising game is concerned, we contracted to handle a City and Suburban Review for an advertising firm that turned out to be a rather time-consuming affair. In fact, "the Little Woman" just about knocked herself out for several days getting the thing taken care of so-o-o, this has put us behind of 8-0-0 as far as time is concerned. Oh well, the weather man tells us that: "October's bright blue weather" is just around the corner — so maybe things will improve. Suppose?

On the improvement bit, we received a News Release from "The State Traffic Safety Council" that they, in conjunction with the N. Y. State Dept. of Transportation will present eight regional one-day traffic engineering workshops which will cover and explain what is needed in the way of traffic signals, signs and markings as well as to increase highway safety through the use of pavement markings. (At a modest cost to the community).

The sessions are open to public officials, superintendents of town roads, village and city streets, community leaders concerned with traffic accidents and their prevention — as well as police officers and the press.

Do you suppose that if someone was sent from the Village of Andover that it would help in getting the cross-walks and parking zones along Main Street marked off?

Also along the same theme, we noticed that some new telephone cable was being strung up in the vicinity of North Main St. — and, our News Office phone has been working for a full week now. However, we did get a phone call down at the Silk Mill from a pay station with the caller trying to get an entirely different number in Greenwood. Howkum?

Oh yes, incidentally, if any of you Telephone Subscribers have a legitimate complaint that you want action taken on, here is an address that may be of interest:

Senior Telephone Engineer
Telephone Bureau
Public Service Commission
55 Elk St.
Albany, N. Y.

Oh yes, we noticed in the city morning newspaper that one of our local residents had his name drawn in the N. Y. State Lottery on Tuesday. And, according to a news release received today, the post position drawing in grand prize and consolation prize tiers was held at 8:30 a. m. on Wednesday, with the final "fish bowl" drawing to take place at 12:15 p. m. today at Borough Hall in Brooklyn. Good luck!

In keeping up with the times, here is a quotation from a News Release that we thought makes common sense: "People who practice civil disobedience must always be willing to take the consequences of their acts". This warning was issued by Dr. Walter Harding, noted scholar and University Professor of English at Genesee in his address to the third all-College convocation opening the academic year this week.

In order to help us solve a mystery, if anyone finds a Ford key would they please turn it in to the News Office? Oh yes, if you do accomplish this, we will explain the mystery to you — and maybe have the solution when the key is delivered. 10-4?

Oh yes, before we get too far away from the Stream Improvement bit, we ran across a few quotations about fishing by a well-known TV star, "Gadabout Gaddis — The Flying Fisherman." So here are some of his blurbs:

Loel Lusk

Loel Lusk, a native of Alfred Station, born November 10, 1913, the son of the late Charles and Grace Lusk, died Sunday, September 15, 1968 in the Camanche County Memorial Hospital, Lawton, Okla., where he had resided since July of this year.

November 1936 he was united in marriage to Pauline Worden. A self employed radio and television repairman, moved to Orlando, Florida, November 1959 due to health conditions.

Surviving are his widow, two daughters, Mrs. Roger (Sylvia) Phelps of Panama City, Fla., Mrs. Mike (Beverly) Barker, Lawton, Okla., and seven grandchildren.

Funeral services were conducted this Thursday afternoon by the Rev. Gerald Wolter, pastor of the Andover Methodist Church in the James B. Mulholland Funeral Home.

Burial was in Maple Wood Cemetery, Alfred Station.

Area Planners To Select Consultants

The area planning group consisting of representatives from the Towns of Andover, Wellsville, Scio, and Alma and the Villages of Andover and Wellsville have been meeting for the purposes of selecting a consulting firm that will prepare comprehensive plans and zoning studies for the area. The selection will be made after interviewing four prospective planning consultant firms.

The area planners have met with Candeub, Fleissig & Assoc., on Aug. 23rd, Kendree and Shephard on Aug. 25th and Metcalf and Eddy on Sept. 5th. The firm of Herbert H. Smith will be interviewed on Sept. 26th.

Once the firm has been selected, each community Planning Board will then proceed to prepare an application for Federal money to assist in paying the cost of the planning studies. This money is made available through title "701" of the Housing Act that provides monetary assistance for local planning studies. Once the planning application is approved, the community in the area will pay 1/6 of the total cost of their respective programs, the State of New York will pay 1/6 and the Federal Government will pay 2/3 of the cost.

On the local level, Planning Boards have been in existence for a little over two years. Most of the work to date has been projected toward forming a basis for the forthcoming comprehensive plan. To facilitate the local Town and Village Planning Boards an office has been established in the Andover Free Library.

Village Planning Board meetings will commence on a scheduled monthly basis beginning on Tuesday, Oct. 1st, and the first Tuesday of every month thereafter.

In addition to his parents, he is survived by two brothers, Gary and Randy, both at home, and his maternal grandparents, Mr. and Mrs. Ernest Wonderling of Wellsville.

Burial was in Woodlawn Cemetery, Wellsville.

Scout News

Cub Scout News

Cub Scout Pack 77, sponsored by the Masonic Lodge No. 558 F.&A.M., is having a Campout this Friday night, September 20. The Cubs are to be at the Masonic Temple at 6:00 or their parents may take them directly to the Andover Rod & Gun Club. Cubs are to bring warm clothing, sleeping bags, if they wish, a can of pop, potato chips for a snack. Parents are invited to the Campfire at 8:00. Boys are to be picked up between 10:00 and 11:00 Saturday morning at the Andover Rod & Gun Club.

We would also like to remind all boys who are interested in becoming Cub Scouts to attend the Pack Meeting Tuesday, September 24 at 7:00 with their parents. Boys who are eight years old and up to eleven can join. When boys first join the Cub Scouts they become Bobcats. After completing the first book, they become a Wolf. At the age of nine they go into the Bear book and at ten they become Webelos. So boys if you are in one of these age groups and would like to join the Cub Scouts, come to the Park Meeting.

Scouts To Observe Citizenship Day Sept. 17

Members of the Boy Scouts of America in this area will take part in the observance of Citizenship Day on September 17, according to Conrad B. Lahser, Scout Executive of the Seneca Council.

Through 100 Cub Scout packs, Boy Scout troops, and Explorer posts, the Scouts will remind people to fly the U.S. flag as a symbol to inspire citizens to serve their country and to support and defend the Constitution, Lahser said.

Citizenship Day commemorates the signing of the Constitution on September 17, 1787, and recognizes all citizens who have come of age and become new voters and all those who have been naturalized as new citizens during the year.

Citizenship Day has been designated by Presidential proclamation since 1952 when a joint resolution of Congress replaced "I Am an American Day" which had been observed from 1940 to 1952.

Many of the Scout units in the Seneca Council will serve as flag-bearers, distribute posters, make presentations on the history of the flag, and participate in other community projects.
