### UNITED NATIONS DAY

This Thursday, October 24, marks the twenty-third anniversary of the United Nations. Formed at the end of World War II, the chief purpose of the UN is to maintain international peace and security. Almost every country of the world belongs to this organization with the major exception being Red China.

There are many branches of the United Nations designed to help people throughout the world. UNESCO helps to improve the education of people from all parts of the world. Who helps fight disease and also collects information on the latest medical and scientific advances. FAO seeks to improve the diets of all people.

The UN has kept many international disputes and armed conflicts from developing into major wars. In 1949 the UN halted fighting between the Arabs and the Israelies. In 1953 an attempt was made to stop the Korean War. In 1962, the UN helped end the dangerous crisis that arose when Russia built missile bases in Cuba and the United States blockaded all arms shipments to that island.

The United Nations has its troubles like any other organization. However, it serves as an excellent example of how people from all over the world unify for the common good.

## Letter To The Hi Herald

Hi Herald Dept.  
Andover Central School  
Elm St.  
Andover, New York 14806

Dear Hi Herald;

I have read your article entitled, "Today's Students" by Chris Bergerson.

I sincerely do hope that the students of Andover Central will pay close attention to this article.

When I attended school, I was one of those who said, "I'll get by somehow."

If I only had come to realize what I was passing up, I would have done a lot more studying to get a better education.

Sure I know what is happening in the world — big deal, but I am not fully educated to get a good job to help in the world in which I live. I cannot contribute what I know to help mankind, because I was a, "I'll get by somehow," student.

Sure, I know a lot of students don't catch on to some things as others, but if you look at it closely, its these students who are up-town every night and getting, excuse the term, drunk every week-end, who are just there in school because they have to be.

These are the students who are missing out on one of the greatest things going, an "Education."

So, students of Andover, please for me, get on the ball.

## Roving Reporter

This week the people around school were asked: "What's your opinion of the marriage of Jackie Kennedy to Aristotle Onassis?"

They responded:

Cindy Walter — "It's her life!"

Bob Boyer — "No comment!"

Diane Carmody — "I feel sorry for Jackie's children."

Wayne Davis — "I think it's outstanding, why?"

Cheryl Pelton — "I don't think it's any one else's business but their own."

Dale Foster — "I think it's extravagant."

Mr. Bronson — "My first impression is, that it is ridiculous."

Whose picture did we see in the July 1968 issue of the National Geographic Magazine? Would you believe — none other than Howard Hann, an A.C.S. graduate, from the Class of '67. How do we know its Howard? Because of the fact that he's wearing work shoes bought from Ken Vars Mens & Boys' Wear Store here in Andover. Also, he's wearing the fire helmet given to him by Bob Bailey of Bailey's Rangers. Besides these facts, his parents claim that it is he.

What was Howard doing to get his picture in the magazine? He was fighting a stubborn fire in northern Idaho that had advanced into Kanitsu National Forest in 1967. The fire was started by lightning and fanned by winds up to 60 mph. It reached Sundance Mt. and stretched roughly 25 miles in length, and had a perimeter of 90 miles. The Forest Service had over 2,000 men fighting the fire, and Howard Hann was among them. The caption under his picture says, "Bone-weary fighter, half-blinded by smoke, silently prays for the rain so desperately needed. September storms finally ended the North-West's nightmare summer of fire." Smaller fires were ceased from spreading by new techniques — Smoke-jumping, aerial chemical drops, and helicopter supply flights. But I'm sure Howard knows that fighting forest fires is a dirty, dangerous, and difficult business. It may sometimes be exciting, but always expensive — in dollars, resources and lives.

Howard is attending Lassen Community College in Susanville, California which he first heard about from a district forester of this area. He then made contact with this college through the Andover Central School guidance office with the aid of modern materials for finding out about a "specific college."

He got a job as a forest fire fighter when he reached California. Probably one of the hottest fires he had ever fought was at Sundance Mountain where the picture was taken.

So now, the next time we see Howard Hann, he will be a big celebrity. Well, it's not everybody who gets his picture in the National Geographic!

## Senior Interview

by Laurie Collins

The dashing figure that makes the society column this week is Wayne Eugene Davis. Wayne was born December 26, 1950, to Louis and Leona Davis (a somewhat belated Christmas present) and has a sister, Linda, and a brother, Jim.

Throughout high school Wayne has majored in business and science. Although his favorite pastime seems to be talking, he has managed to be very active in school activities. Wayne was a Student Council representative for one year, the Vice-President of Student Council in his junior year, and is now the Student Council President. His other activities include being the Vice-President of his junior class; being a member of Library Council for two years; track for one year, baseball for one year; soccer for four years; and basketball for four years; and Varsity Club for four years. Wayne was set manager and played the part of Bill in his Junior Play and in the coming performance of "Annie Get Your Gun" he will play the part of Little Jake.

Upon graduation Wayne would like to attend Alfred State Tech. The students of Andover would like to wish him the best of luck.

## New Teacher

Our new fifth grade teacher this year is Mrs. Kathleen Plaisted. Mrs. Plaisted graduated from Hampton High School in Virginia. She attended Radford College in Virginia and has been teaching for two years. She is presently residing in Alfred.

Good luck, Mrs. Plaisted from the Andover School!

## Red Cross News

## Purple And White

by Mary Howland

The Panthers were challenged by the Scio Tigers, but the game ended in a 1 - 1 tie. A penalty kick was scored by Potter for Scio. Andover fought back with a field goal put in by Dan Grant and Andover missed their penalty kick. Two five minute overtimes were played, but neither team was able to score.

Andover downed Alfred-Almond by a 1 - 0 score. Kicking the winning goal was Rick Schrader. Bob Tomm, Tom Palmateer and Steve Phelps did a great defense job.

A.C.S. is very proud of the season that Coach Hewes and the Soccer squad have put in, thus far! Keep up the good work!

## Senior Interview

by Candy Congelli

The senior of the week is Philip Anthony Dixon. Philip was born on March 27, 1961 to Mr. and Mrs. Doyle C. Dixon. He has one brother and four sisters.

Philip's major in high school has been science and business. Among his various activities are: Choir, two years; Varsity Club, three years; Hi Herald, three years; Library Council, two years; and Red Cross, four years. His sports include Soccer, three years and baseball, three years. Philip played the part of an electrician in the Junior play.

After graduation Philip hopes to attend Saint Bonaventure College and take Business Administration. We at Andover wish Philip the best of luck in the future.

## Sp!

What happened to your life this week-end Karl G.? Do you think you'll like it?

What were Dick-Joyce and Bob Joyce doing at Cornell University all day Saturday? Don't you think next week-end you two ought to get to bed before the next day dawns?

Patty Dibble how was your week-end at Colgate University? Kathy G. and Gary B. have you been having fun in the woods lately?

## National Merit Scholarship Test

Andover Central School students who expect to complete their secondary school requirements and to enter college in 1970 can register now to participate in the 1969-70 National Merit Scholarship Program, Principal James H. Kessler announced today.

The first step for all students who wish to enter the nationwide competition is to take the National Merit Scholarship Qualifying Test (NMQST). The test will be given in the school at 9:00 a. m., Saturday, February 15.

Participating students pay a \$1.25 fee.

When his NMQST scores are reported, each participating student will receive a handbook to help him evaluate his scores and compare his performance with that of other high school students across the country. The handbook also contains information about choosing a college and financing college education. The handbook and other interpretive materials are furnished as a part of reporting the test results.

The highest-scoring students in each state will be named Semifinalists and will be eligible for Merit Scholarship consideration. In addition to the National Merit Scholarships financed by NMSC, more than 370 business corporations, foundations, colleges, professional associations, unions, trusts and other organizations, and individuals offer scholarships thru the Merit Program.

About 18,750 students have won Merit Scholarships in the thirteen Merit Programs to date. Approximately 2,900 new winners of Merit Scholarships have entered college this fall.

## Two Andover Teachers Win Election

Gienn Bronson and Michael Brace, teachers at Andover Central School, have been elected to serve as delegate and alternate delegate respectively to the governing body of the Teachers Association of the Central Western Zone. Each was elected by the teachers of Allegany County to serve for a period of four years. As representatives of the teachers of Allegany County, Mr. Bronson and Mr. Brace will attend the Annual Zone business meeting at the Conference this week-end.
