AMERICAN LEGION ANNIVERSARY

An Editorial

A U.S. Army soldier was awarded the Medal of Honor posthumously for giving his life to save the lives of the other members of his squad when he threw himself on a grenade and absorbed its blast. The award recognized SP4 George Alan Ingalis' heroic action during a combat operation near Duc Pho, Republic of Vietnam, en April 16, 1967.

Secretary of the Army Stanley R. Resor, acting for the President and in the name of Congress, presented the medal to Specialist Ingalls of Yorba Linda, Calif., for her son's conspicuous gallantry and intrepidity in action at the risk of his life above and beyond the call of duty. the call of duty.

Specialist Ingalls was serving as a rifleman with Company A, 2d Battalion, 5th Cavalry, 1st Calvalry Division (Airmobile), on a night ambush mission. Sometime after ambush had been set up, a hand grenade was thrown from the nearby dense undergrowth into the center of his squad's position. The grenade did not explode and was followed shortly by a second grenade which landed between Specialist Ingalis and a nearby comrade. Although he could have jumped to a safe position. Specialist Ingalis threw himself on the grenade and absorbed its full blast. The explosion mortally wounded him, but his heroic act saved the lives of other members of his squad. Specialist Ingalls' other decorations include the Purple Heart and the Combat Infantryman Badge.

COMBAT — VIETNAM STYLE — 1968 - 1969

Fifty years ago, a small group of war-weary servicemen representing the various outfits of the American Expeditionary Force met in Paris, France, and brought forth a magnificent idea. These delegates still in the uniform of their country and thousands of miles from home — brought to that assembly in Paris the raw materials with which to build a civilian organization of war veterans dedicated to God and Country.

They recognized the need for a fraternity of service which should have as its purpose the preservation and perpetuation of the lofty principles of Justice, Freedom and Democracy.

And their "big idea" became The American Legion.

In the succeeding 50 years, three generations of war veterans have been united under the banner of The American Legion. While they are proud of having met the highest obligation of citizenship — service in the uniform of their Country in time of war — American Legionnaires also realize that the responsibilities of citizenship do not end when the military uniform has be n exchanged for civilian apparel.

As a fraternity of service which has as one of its basic purposes "to inculcate a sense of individual obligation to community, state and nation," The American Legion has become a pacesetter to the nation in the expression of patriotic hought and deed. Of great concern to the Legion today is the possibility that leaders of the godless communist doctrine shall mistake demonstrations and expressions by a handful of dissidents as an indication of weakness on the part of our nation.

A staunch advocate of our nation's policy to defend the cause of freedom against the threat of forces seeling world domination, The American Legion has stepped to the forefront in the upsurge of patriotic expression which has swept the country in recent months. In so doing, the Legion has helped not only to reawaken a spirit of national responsibility but also to affirm in the eyes of a doubtful world the depth of our nation's

On this 50th Anniversary of The American Legion, we salute the "big idea" of this gigantic fraternity of service. May the millions of Legionnaires throughout the ration continue to succeed in their endeavors dedicated to God and Country - and, ultimately, a better world.

The other observation is an implied indictment of news media and televison in particular.

It should be kept in saind that every campus in this state is not in flames, and that in fact a vast, overwhelming majority of college students are in fact going about the budness of getting an education.
