### Health Department Case Terminated

Albany — The State Health Department has terminated its case against the Village of Belmont and the Town of Amity in Allegany County because the communities have complied with State Sanitary Code regulations in the operation of their refuse disposal facilities. Dr. Hollis S. Ingraham, state health commissioner, has announced.

The town and village had been charged with improper use of a dump, but the dump has since been closed and covered and a proper sanitary landfill has been established, Dr. Ingraham said. Thus, further action by the Department is unnecessary, he said.

Notice of the commissioner's action has been served on Supervisor Robert McNinch, Town Clerk Churchill Green, Mayor Nicholas F. Codispoti and Village Clerk Leta F. Tucker.

Editor's Note: — Now all that is necessary is for the taxpayers involved to pay out more money to pay for the State Mandated Sanitary Landfill.

### Card Of Thanks

We wish to thank our many friends for their kind expressions of sympathy and Memorial gifts at the time of the death of Margaret's father, James J. Powers. They are all sincerely appreciated.

Roy and Rita Goodridge Alden, who were the former proprietors of Sanborn Pharmacy, have now opened a new modern Pharmacy in the former Loblaw Building across from the Texas Hot on Main Street in Wellsville.

Roy and Rita have been in business in Wellsville for the past 10 years and are now happy to announce that due to the successful patronage of area residents they are opening an ultra modern store to better serve their public.

According to Mr. Alden, because of the large size of his new store and rapidly increasing sales volume, they will be able to compete price-wise with large discount drug stores in their regular day-to-day prices.

The store which covers around 5,000 sq. ft. of floor space has been remodeled and furnished with new lighting and display counters, and offering free parking in back of the store, and is the largest Walgreen Agency Drug Store within a 100 mile radius.

Roy and Rita have recently returned from a business trip to Chicago where they toured the main laboratory and offices of the Walgreen Drug Co., which is the largest drug store chain in the United States, and feel that they will be able to offer the public the most modern services available.

### News Briefs Of Local Servicemen

James D. Partridge, 21, son of Mr. and Mrs. Albert Partridge, was promoted February 9 to Army Sergeant in Vietnam, where he is serving with the 4th Infantry Division. Sgt. Partridge is a mortarman in Company A, 2nd Battalion of the division's 8th Infantry near Pleiku.

Marine Lance Corporal William L. Schrader, son of Mr. and Mrs. Bernard Schrader of Route 4, Wellsville, N. Y., participated in Operation Linn River with the First Marine Division in South Vietnam. Operation Linn River was conducted by the Division in the Hill 55 area near Danang to find the enemy forces and destroy their capability to strike against the Danang area.

### Assemblyman Walkley Reports

Amendments to the Taylor Law were passed in the Legislature with great emphasis placed on increased penalties. Assemblyman Frank Walkley, Canada, notes that improved procedures provided in the amendments are of greater significance. Mr. Walkley said "Civil Service employees in our district do not want to strike. The improvement of relations between employer and employee is therefore much more important than penalties".

Assemblyman Walkley noted that the new provisions call for voluntary arbitration on non-fiscal

matters, a code controlling improper practices, and public hearings as the most important features in the revised law.

### New Regulations On Chautauqua Lake Walleyes

The New York State Conservation Department issued an order effective March 1, 1969, which allows the taking of pike-perch (walleye) at any time and in any number from Chautauqua Lake.

This special order applies to the lake proper, and does not effect the open season on tributary streams which enter Chautauqua Lake. The open season on the tributary streams runs from May 1 thru March 1, consequently no walleyes may be removed from the streams during March and April.

The liberalization of the lake fishing season is intended to provide anglers with extra opportunity to harvest the walleyes which have shown a significant increase in Chautauqua Lake during the past few years.
