

## EASTER

Voces raised in song  
hearts lifted  
in prayer . . . the  
miracle of spiritual  
rebirth and of  
life eternal . . .  
all this is part  
of the glory and  
promise of Easter.

For you, it means  
a richly-rewarding  
spiritual experience,  
and comfort for  
every day of your  
life. Come to  
church . . . come to  
worship on Easter.

### News That's Print To Fit

Well folks, after spending all our spare time the past few weeks in getting our records, receipts, checks, etc., ready for the preparation of our income tax report, we sure feel all wrung out — and more than likely, after we see what we have paid — and are going to have to pay — we will be wrung out as well as squeezed out! And now on top of everything else — another 1% increase on the New York State Sales Tax! !!! Yep, passed one week in the State Legislature — and into effect the following week! How about that for a record?

When it comes to collecting money — our Lawmakers can really make record results in getting their hands into our pockets for Tax dollars. But when it comes to taking action against students who willfully disobey College rules and regulations as well as the law, on many of our College Campuses — this is an entirely different story!

What we can't understand is — why these student demonstrations, acts of violence, vandalism and destruction — have to be tolerated at all! !!! When other peoples rights are violated, or private, personal, or public property is destroyed — it would seem to us that whoever is responsible for committing these acts should be punished under the same laws no matter whether they are students or the person on the Street. Isn't this discrimination against the Taxpayer?

If these students don't like the rules and regulations at the Colleges they are attending — why did they enroll there in the first place? After all, they are the ones that put in their application to attend the School of their choice — and went there of their own free will! If they don't like it there — they can always go back home to Mama and Papa — if they cause trouble, boot them out and make room for someone else that is really interested in getting an Education!

Furthermore, we can't understand why we Taxpayers have to pay taxes for State Scholarships Grants, etc., for Students who cause trouble on State University and College Campuses! We say: cut off their assistance if they cause trouble — and if they break any laws — treat them like any other criminal that does the same thing! After all, isn't there supposed to be "freedom, JUSTICE and equality" for ALL?

As far as the violation of Illegal Drugs and Narcotics Laws are concerned — why should students be treated any differently than any other law-breaker? If they are smart enough to be in a College or University — they certainly should be smart enough to know that the law applies to everyone, including themselves!

Why let them be treated with deference or impunity — just because they are students? Does this teach them to become useful, law-abiding citizens in later life?

It seems to us that, unless we Taxpayers insist that this small minority of College Student law-breakers are punished under the laws that are supposed to be in effect for everyone, it won't be very long before we have a complete break-down of law and order throughout our complete society.

Did someone say that Spring was here? Judging from some of the recorded temperature readings thru the courtesy of the "Boys down at the Pump Station" like: Mar. 27th — L 16, H 30; 28th — L 12 H 46; 29th — L 18, H 44; 30th — L 8, H 25; 31st — L 11, H 21; April 1st — L 3, H 47; 2nd — L 46, H 50; 3rd — L 23, H 49.

It seems more like winter weather! Perhaps that near record low of above was the weather man's idea of an "April Fool" joke. Especially since it warmed up around 30 degrees between midnight and six a. m.

### Library News

The following Memorial Books have been added to Andover Free Library:

- "The Generous Years", by Chet Huntley, given in Memory of Guy Harder by Mr. and Mrs. James V. Joyce.

- "Spunkwater, Spunkwater", by James Playsted Wood
- "Anchor's Aweigh", by Jean Lee Latham
- "The Donkey Rustlers", by Gerald Durrell

### Stores To Close Good Friday

As in the usual custom in Andover in observance of the Annual Union Good Friday Services, the stores and Bank will be closed from 12 Noon until 3 o'clock Friday, April 4th.

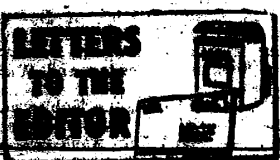

And, for those people that are complaining about the rainy weather, remember, "April Showers, Bring May Flowers."

Incidentally, Taxpayers, Readers, and Citizens — we hope that you will notice that the Village Budget for the coming year has been caused to be printed in this week's issue of the News by our New Village Board and Mayor.

This affords YOU, the TAXPAYERS, the opportunity to look it over — and if you are not satisfied, or have any questions about it, you will be able to ask whatever question you may have at the Annual Hearing on the budget.

According to the proposed budget, the Tax Rate will remain the same as last year despite rising costs and the extra expense of maintaining our share of a Sanitary Landfill.

We are happy to see that the current Village Administration is embarking on a program of letting the Taxpayers know what is going on and we can assure you readers that we will do our part in printing the news of the regular Village Board Meetings when it is released to us.

picable, can some people stoop, to deliberately bait and poison pets cherished by other people? When three pets in the same neighborhood are poisoned and die a horrible death, it certainly seems like the working of someone with a sick mind.

According to the Vet's report, these pets were given poison mixed up in raw hamburger so it had to be deliberate and premeditated in-

stead of accidental.

Since we do not feel it to be a healthy Community to live in with a "silent poisoner" at loose, we are offering a \$50 reward for information leading to the conviction of the person responsible for this poisoning.
