

### Chauffeurs — Does Your License Expire In May?

Some 103,000 chauffeurs are due to renew their New York State driver licenses by the end of May, Motor Vehicle Commissioner Vincent L. Tofany has announced. Renewal applications have been mailed by the Department of Motor Vehicles in Albany and should be reaching the chauffeurs' residences within a few days. The Commissioner urged those due to renew to act as quickly as possible so that the transaction can be completed by mail. Since Friday, May 30, is a holiday, drivers will have only until May 29 to get their new licenses.

Should an application not arrive by May 15, the driver should go to the nearest motor vehicle issuing office. A new one can be completed there.

For this reason, the Commissioner suggests that each chauffeur check the expiration date of his own license.

### In Memorium

In memory of Mother, Rose Swartz who passed away September 22, 1968

A precious one from us has gone. A voice we loved is stilled. A place is vacant in our house. Which can never be filled. God in his wisdom has recalled. The bloom his love had given. And tho the body slumbers, Her soul is safe in Heaven.
