A SPECIAL DIET FOR ARTHRITIS?
Are there foods that cause or cure arthritis? Is there a special diet for arthritis?
This question is raised with physicians regularly and may be one of the most confused areas of public misunderstanding. Almost every family has someone suffering from arthritis. And the disease itself is a great source of revenue to the quacks and charlatans among us. It is a frustrating disease — one about which we know far too little. Thus, falsehood and stories of "miracle cures" abound.
What food, if any, should you avoid to prevent arthritis from striking you? Or what can you eat, or avoid eating, to help cure your arthritis?
No Miracle Diet
There is no diet that will prevent or cure arthritis. That statement is true in the sense that we cannot tell you specific foods that will make a difference by themselves. But we do know that a proper, balanced diet is an important factor in successfully treating arthritis.
In the past, arthritic patients were deprived of protein, on the false assumption that too much protein was partly responsible for arthritic changes. They were also deprived of calcium, on the ground that changes in the bones and joints were necessarily due to over-supply rather than to faulty body utilization of this nutrient.
