

"TREATS FOR TOTS"— FUN FOR ALL YOUTHS!

An Editorial

Last year it was very gratifying to see that Andover Central School Students were capable of showing good judgement in their treatment of Hallowe'en.

To the best of our knowledge the Village Streets were kept clean all evening, thereby eliminating the possibility and danger of any motorist being injured or having their autos damaged from this source.

We also credit the parents and grown-ups for contributing their share towards making it the most quiet and damage free Hallowe'en here in many years.

Of course, there was the usual amount of window soaping and hi-jinks that is normally considered part of Hallowe'en.

This year we would again like to see this exemplary type of conduct shown by both the children and parents as well as the rest of the grown-ups.

We certainly can't see where any useful purpose can be served or strength of character developed in young people of today if parents allow half or two-thirds grown children to roam the streets with large paper bags collecting their loot in a door-to-door canvass under the threat of "Tricks or Treats"! To us, this appears as a modified type of blackmail because the gist of the expression is that if you don't give me a treat I'll pull a dirty trick on you!

How much better it sounds to have a "Treat for Tots" expression for the tiny kids to use when they are all dressed up in their Hallowe'en costumes and go to pay their neighbors a brief call to show off their finery, and of course accept a hand-out if offered.

In past years the Chamber of Commerce and members of the American Legion got together and put on a program for all local school children. This was well attended with everyone appearing to have a good time.

This year on Friday night, there will be the usual Costume Parade starting at the Legion Park at 6:30 p. m., with the Andover Central School Band, followed by the annual bonfire after which cider and donuts will be served by the local Chamber of Commerce.

The success of these ventures will be strictly up to the students of Andover Central School! It has resulted from their suggestions and good behaviour in the past — and they will be reaping the harvest!

Let's hope that the interest shown by the adults in making this possible won't be in vain!

HUNTER'S CODE OF ETHICS

1. I will consider myself an invited guest of the landowner, seeking his permission, and so conducting myself that I may be welcome in the future.
2. I will obey the rules of safe gun handling and will courteously but firmly insist that others who hunt with me do the same.
3. I will obey all game laws and regulations, and will insist that my companions do likewise.
4. I will do my best to acquire those marksmanship and hunting skills which assure clean, sportsmanlike kills.
5. I will support conservation efforts which can assure good hunting for future generations of Americans.
6. I will pass along to younger hunters the attitudes and skills essential to a true outdoor sportsman.
