

**Hornell Naval Unit
Receives Top Award**

Naval Reserve Surface Division 3-12(S) attached to the U. S. Naval Reserve Training Facility in North Hornell has won the annual Naval Reserve Performance Award for fiscal year 1969. The award is presented each year to the top surface division in the THIRD Naval District which includes the entire State of New York, Connecticut, and part of New Jersey. Competition takes into account all phases of training and attendance, and is the top honor that can be awarded to a Naval Reserve Division.

The official award will be presented at formal ceremonies on Dec. the 9th at the local facility by Captain D. M. Richards, USNR, who is Chief of Staff of the Commandant THIRD Naval District.

The Division was originally founded by Commander William J. Holbrook, USNR, and is presently commanded by Lieutenant Commander R. R. Chamberlin, USNR of Nunda, New York. It is comprised of 76 enlisted men and 6 officers whose residences include Hornell, Canisteo, Bath, Dansville, and other surrounding communities.

**Farmers and Fishermen
Get Tax Forms Early**

About three million 1969 Federal income tax forms for America's farmers and fishermen will be sent to them early this week, a month earlier than usual, John E. Foley, District Director, Internal Revenue Service, Buffalo has announced. All other taxpayers will receive their packages about January 1.

A first for Internal Revenue, the early mailing is an attempt to assist the farmers and fishermen in taking advantage of options open to them in filing returns and

paying their tax, Mr. Foley said. Estimated tax forms, in a separate package, will reach farmers and fishermen about the same date. In previous years, the estimated tax forms were included in the income tax package.

Farmers and fishermen have a choice of filing dates: They may elect to file and pay in full an estimated tax declaration by January 15, 1970 and file an income

tax return by the April 15 deadline; or they may elect to file only an income tax return by February 16 and pay the tax due with the return.

Like the other 77 million taxpayers expected to file tax returns in 1969, farmers and fishermen will be using the new income tax form 1040.

The form, which replaces both the old form 1040 and the 1040A

is a one-page, basic form to which separate schedules can be added to cover any tax situation.
