American Host Program Needs "Host Families"

Andover area families are needed to entertain English-speaking European teachers in their homes for one or two weeks this summer, it was announced today by The American Host Program.

According to Stuart Perkins, Board Chairman of the Host Program, who is president of Volkswagen of America, American Host is one of the few non-governmental programs designed to show the American way-of-life to foreign teachers by pairing them with American families.

Now in its ninth year, American Host has opened doors to better understanding for more than 2,000 European teachers who have passed on their new understanding of America to their students.

Mr. Perkins said that being a "host family" is open to anyone. All we ask for is hospitality — a private room for a guest and free time for one or two weeks to introduce the guest to friends, neighbors and perhaps fellow teachers.

American Host arranges all transportation. Host families are asked to meet their guest upon arrival in their community. Teachers and host families have an opportunity to correspond for at least a month before meeting.

Arrangements for participating as a host family can be made through:
