Andover, N. Y., June 3, 1971

No. 35

Editorial

by Debby Nichols
From the very beginning man learned to fashion tools and systems that would improve himself and his environment.
He observed the living things around him and borrowed their knowledge for his own use.
The beaver helped man invent the shovel and suggested the construction of dams.
The eagle in flight prodded man to glide with wings.
The little Blue Gill, its gills in actions, taught man that he, too, could swim and even remain suspended in the water for long periods of time like other aquatic life.
The lion, fearful of nothing, reminded man to be brave.
The tiger, stalking his prey, encouraged him to be crafty.

Final Examinations June 1971

All Exams will start as follows:
A. M. - 8:45 - 11:45
P. M. - 12:45 - 3:45
Report 10 minutes early for all exams.

Table of exam schedules for Wednesday, Thursday, Friday, and Tuesday, listing subjects like Eng. 4, Voc. Eng. IV, Soc. Stud. 9, etc., and times.

Feature

by Lynn Panton
Thirteen years of schooling is fast drawing to a close for the members of the Class of '71. As much as we enjoy looking back on our "school day" experiences we know we must begin to make a place for ourselves in the future.
Many of us plan to continue our education at two, three or four year colleges or universities.
Ann Slade and Debra Nichols taking liberal arts.
Philip Pelton taking Retail Business Management.
Steven Phelps and Rodney Brown studying Transportation and Distribution Management.
Laurie Collins and Joan Wightman becoming nurses under the two year nursing program.
Susan Stephens studying Horticulture.
James Smith taking Engineering Science.
Dana Williams taking Merchandising.

Or if you visit the Alfred Agricultural and Technical Vocational Division in Wellsville you will see:
Shirley Givens and Kenneth Bartow enrolled in Food Service.
Ronald Godown involved in Auto Mechanics.
Douglas Green and Steven Tomlin taking Building Construction.
Robert Leonard working hard at the Drafting Courses.

You will have to travel quite a bit farther to visit:
Grace Herr who will undertake a three year nursing program at St. Joseph's School of Nursing in Elmira.
Diane Carmody who will be studying to become an elementary teacher at D'Yourville College in Buffalo.
Lynn Panton who will be taking liberal arts at Eisenhower College near Seneca Falls.
Robert Ullsh who will be taking liberal arts at Columbia College in South Carolina.
Randall Potter who will attend the Rochester Business Institute in Rochester.
Charles Gram who will take engineering at the University of Rochester in Rochester.
Daniel Slade who will attend Clarkson College.
Many plan to work for a year and then continue their education.
Norma Clark who later plans to go into nursing.
Denise Maples who later hopes to attend Hudson Valley Community College for nursing courses.
Sandi Pease who wants to take art at the Institution of Pittsburgh.
Lynda Angood who would like to enroll in a school for airline training.
Susan Emery plans to use her high school education from BOCES and work in a nursing home.
Anita Harvey and Kimberly Waters are also hoping to find jobs in this area.
Victoria Atwell plans on finding a job with plans for marriage in the future.
Four other senior girls are planning to join the ranks of the American housewife.
Bonnie Kemp will continue keeping house for her hubby - David; and Sandra Burdick will continue taking care of the Michael Burdick residence.
Kathleen Gavin will continue her work at Kent Farms as Mrs Thomas Kent.
Marilyn Cornell will combine her work as a Cosmetologist and the Clair Updyke residence.
Dorothy Kaple and Thomas Mattison are planning to enter the Army.
And then a few are undecided and need some time to think what they want to do with their lives.
Among these are David Freeland, Barry Burnside, Dawn Baker, Greg-

Purple And White TRACK

by Danny Slade
Andover's last team meet of the season was held May 26 on the all-weather tartan track at Ag-Tech. This was, of course, the County Meet, and it was full of surprises. The first surprise was in the Two Mile Run, when Andover's distance ace, Don Sisson, was edged at the top by Gregg of Bolivar in a really great race.
Don led for most of the race, but only by one or two yards, as Gregg kept right on his heels. In the last lap, Gregg pulled out and started his kick. Sisson responded and the two runners spurred side by side for the last hundred yards, with Gregg winning by inches.
Both runners were timed in 10:28.4 a new A.C.S. record for Don, who has cut about one-half minute from his time in his last two runs, both against Gregg. Don will represent A.C.S. in the Section V Meet at Hornell on June 5. Let's give him some support. Come out and see another great race.
Another surprise came in the Mile Run as Senior Doug Green, running the mile for the first time in two-years and Junior Dennis Herr picked up 3 points on fourth and fifth places respectively. Doug ran a 5:07, only a few tenths off Sisson's record and Dennis was timed in 5:10. There is rumor of a side bet, made before the race between Doug and Dennis.

In an upset, a very surprised Dan Slade captured fourth place in the Triple Jump, bringing in Andover's only points in the field events. The 440 and Two Mile Relay had to be scratched, but our other relays placed.

The Mile Relay of Doug Green, Dan Slade, Roger and Ron Godown in spite of a faulty baton pass. They placed 4th in a school record 4:07.880. Relay of Dannis Ordway, Ed Billings, Dave Haugh and Cecil Harvey placed fifth. Both A.C.S. relays won their heats, but were beaten by times in the first heats.

In the team results the biggest surprise of the day came in the team standings. Alfred - Almond scored the biggest upset of the last 8-years in Allegany County Track as they defeated favored Bolivar 68 1/2 - 62 for the County title. Bolivar had been champ for 8 years. Coach McEvay and his runners have worked for this for a long time. They should be congratulated for their great and this time successful effort.
Over-all Andover had a good season. New A.C.S. records were set in the Mile, Two Mile Relay and Mile Relay. In addition, the Sci and Cuba track records in the mile relay are held by the team of Slade, Green, Ron Godown and Clark. Our 12 points in the County Meet are the most A.C.S. undermen have compiled in the championship meet in recent memory.
For Seniors Ron Godown, Doug Green, Dan Slade and Randy Potter, this was their last competition for A.C.S. We would like to wish them success and good fortune in the future.

BASBALL

On Thursday, Andover played Bolivar and won to keep up hopes for first place in the "C" League. Andover coasted to a fairly easy victory by a margin of 9 to 1.
Pitching for Andover were Jim MacMichael and Gregg Shellman whose combined efforts struck out seven and walked 3 and gave up only two hits. The losing pitcher for Bolivar was Dan Fuller. Key hits for Andover were Fred Baker with a double in the 2nd inning and John Hyland with a two run homer over the right field fence. In the 4th inning, Andover is now waiting for their spot in the sectional berth.
Greg Shellman and Patricia Dibble. Dale Clark plans to do some traveling before deciding what he wants to do.
The Class of '71 is full of plans and dreams. I wish all my classmates best of luck in the future and I hope they will be able to live up to their wildest expectations.

Senior Interview

by Jeanne Atwell
Lynn Ellen Panton may be one of the last seniors to be interviewed but she is certainly not the least. Lynn was born on May 28, 1953. Her parents are the proud Mr. and Mrs. Charles Panton. She has two brothers, Michael and Timothy, and one sister, Sara. Throughout her years at Andover Central School, Lynn has majored in math, science and Spanish.
Lynn has been very active in her outside activities. Her main interest has centered around the FHA. She has been a very active member for four years. Lynn was the secretary in her sophomore year and the Student Council Representative when she was a junior. This year, she is the president of the FHA, the District President and the State 2nd Vice President. Her other activities have included: Hi-Herald, four years (co-editor in her senior year); GAA, three years; National Honor Society, three years; Student Council, two years; Red Cross, six years and Library Council, one year. Lynn is also the co-editor of the Yearbook. She was the Student Council Representative of the class in her freshman year, and vice-president of her class in her junior year. Lynn played lead parts in both her Junior and Senior play.
Throughout her years at A.C.S. Lynn has received many awards. She won the American Legion History Award, the John Karcanes History Memorial Award and the Betty Crocker Award. Lynn placed second, in the Oratorical Contest. She also attended the 1970 National FHA Convention in New York City and the Leadership Training Program at Oswegatcha.

Lynn has very definite plans for the future. He has been accepted at Eisenhower College, where she will major in Government. Lynn has been named as an Eisenhower Scholar. She received a Regents Scholarship this year. Lynn also has the honor of being Valedictorian of her Class.

It is always an honor to have a student like Lynn attend and graduate from A.C.S. The students at A.C.S. all wish Lynn the best of luck for the future!

Senior Interview

by Maureen Shellman
As we proceed to acknowledge a new member of the Senior Class each week and present their past accomplishments as well as their future plans, we stop at the name of Tom Lynn Matison. Born August 11, 1953, Tom is the son of Mr and Mrs. Lynn Matison. Tom has two sisters, Fina and Penny, and one brother, David.
Being a very active person by nature, Tom has been kept rather busy throughout high school playing soccer and being a member of Red Cross and the Camera Club. Also he acted as the prop man for the Senior Play. It also appears that Tom has a favorite hobby which is hunting.
Throughout the years Tom, as well as the other seniors, has been trying to plan his future. Fortunately, his future is quite definite. He is taking post-graduate with a major at BOCES in Trade Electronics. Tom hopes to attend the Wellsville branch of Ag-Tech and wants to join the Army.
So to end this interview for this week, we all wish Tom the very best for his future.

Science Fair

A School Science Fair was held May 20 in the Andover Central School gym. The numerous exhibits covered widely varied topics and generally, were well done. The over-all winner of the Fair was Judy Bliss for her excellent work entitled, "Water Pollution."
Other winners, by grades, are as follows:
9th Grade - Laurie Tomm - "Farm Pond"
8th Grade - a tie between Mike Bliss and Craig Dodge for "Chain Reaction" and "Hydraulic Lift", respectively.
7th Grade - Brenda Haugh - "A Study of the Lamprey Eel"
Judges for the event were Dr. Wesley Bentz of the Chemistry Department, Alfred University; Dr. Bradley Bowden of the Biology Department, Alfred University; and Dr. Ron Putnam of the Biology Department, Alfred Ag-Tech.
