That's what Ridge Homes is here for.

Too many dream homes are shattered.

It happens to families like yours every day. You have your heart set on that perfect home. But something gets in the way. The monthly payments may be too steep. Or the down payment too high. Maybe mortgage money is the problem. Whatever the reason, the result is the same. The home you've dreamed of owning is still just a dream.

Ridge Homes is here to change all that.

Who is Ridge Homes? We're the East's largest home manufacturer.

In a nutshell, what Ridge offers is a program that helps people of moderate income get the exact home they've always wanted. More than 16,000 satisfied Ridge homeowners are proof that our program works. Even last year, when getting a new home was so difficult, more families than ever built Ridge homes. Read on and see why.

A Ridge manufactured home is a better home and a better value.

Like the car you drive and the clothes you wear, your Ridge home is a result of the most modern, large-scale production techniques available. Each component part is precision-cut at the Ridge plant, then shipped to the home site in two stages. First come the materials and components for the weather-proof exterior, which is erected on the foundation by skilled professionals. Then, after that is erected, the interior finishing materials arrive. Unlike homes

built the old-fashioned way, a Ridge home gives you consistent quality, efficiency and low cost. This is why a manufactured home is the best answer for so many families. In fact, by 1975, about half of all new homes will be factory-produced!

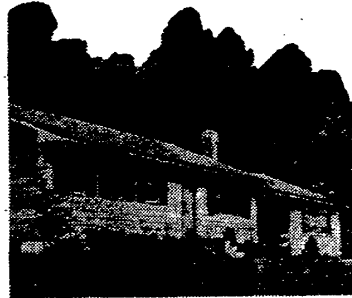

You make a Ridge home exactly what you want it to be.

What's your pleasure? Rancher? Two-story? Bi-level? You'll find it among Ridge Homes' 39 basic models. Then that dream starts coming true. Your Ridge home will be tailor-made for you thanks to the features and options you get with the Ridge "Wonderful World of Choice". At no extra charge you can change the floor plan... choose the exterior design... select your kitchen, bathroom fixtures, color scheme... everything! The choice is entirely yours!

Save thousands by doing some of the work yourself.

Can you swing a hammer? Or handle a saw? Then you can save yourself up to \$4,000 on your new Ridge home by doing some of the interior finishing work yourself. We'll take care of the tough jobs for you. Like the foundation and weather proof exterior. Then you can finish up as much of the interior as you want. Or as little. And your Ridge dealer will be right there if you need any help. Thousands of families helped build their own Ridge homes this way, and ended up with more home than they ever thought they could afford.

Yes, Ridge even has mortgage money.

When you build with Ridge you don't have to worry about getting a mortgage. We have our own financial resources and financing plans to help people build their new homes. And build them now! Even in areas where mortgage money is still tight.
