The Words of

"The Star-Spangled Banner"

On September 14, 1814, a man who had waited impatiently throughout the previous night, saw that "our flag was still there". This man was Francis Scott Key. He was so inspired by the sight of the American flag still flying from Fort McHenry, that he wrote a song. This song was known as "The Star-Spangled Banner".

But now, let me ask you something. How many people actually listen to the words of "The Star-Spangled Banner"? How many people are there who don't know all of the words? How many people realize what this song stands for? Just what does "The Star-Spangled Banner" stand for? It is the song of freedom. It is the song of unity. It is the song of victory. It is played throughout this country for many reasons. We Americans sing this song whenever we honor the flag. It is heard at Memorial Day services and even at football games. It is a song that can be played only in a country such as America. Where else could the words "O'er the land of the free and the home of the brave" have any meaning?

So, here are the words of the first verse of this glorious song. Read them, please. The next time that you hear "The Star-Spangled Banner" playing sing along. Be thankful that you live in America. Oh! say, can you see by the dawn's early light,

What so proudly we hailed at the twilight's last gleaming?

Whose broad stripes and bright stars, thro' the perilous fight O'er the ramparts we watched were so gallantly streaming?

And the rockets' red glare, the bombs bursting in air Gave proof thro' the night that our flag was still there.

Oh! say does the Star-Spangled Banner yet wave

O'er the land of the free and the home of the brave?

Alan Folsom Visits South America

While most of us were spending our summer vacations working at summer jobs, going to summer school or just enjoying our vacations, Alan Folsom had the unique opportunity of spending the summer with a South American family as a part of the American Field Service Program.

Alan arrived in Quayaquil, Ecuador, June 27 to be met by his hosts, the Alberto Ampuero family. Mr. Ampuero works in an export-import company in Guayaquil. His family consists of his wife and their six children, four girls and two boys.

During his stay there Alan attended an all boys school for 7:45 a. m. to 1:45 p. m. As it should be expected, Alan was not too fond of this educational setup.

One of the surprises Alan realized was that of the native people speaking English so well and his own mispronunciation of their language.

A fun experience for Alan was a week-end tour of sight seeing thru the local towns and villages. This experience for the most part, was very enjoyable.

Senior Interview

by Eileen Atwell

The first Senior we are introducing this year is Jeanne Louise Atwell. Jeanne was the first of four children born to Mr. and Mrs. Carl Atwell. She was born on August 3, 1954. Jeanne has two sisters and a brother: Eileen, Suzanne and Patrick.

It seems that Jeanne has kept as busy as possible in her four high school years at A. C. S. Outside of her majors, math science, and Spanish, music has taken much of her time. Jeanne is presently a six-year member of the Senior Band and Dance Band, and a five-year member of the Senior Chorus. In the past, Jeanne was in Pep Band for one year, All-County Chorus for two years, Area All-State Chorus in ninth grade, and secretary of the Senior Chorus in her Junior year.

Most of Jeanne's remaining time has been spent with various school clubs and activities. She has been a member of the Red Cross six years, two of which she performed her duties as Secretary-Treasurer. She has been in F.H.A., four years; G.A.A., four years; Student Council, one year; National Honor Society, three years; and Hi-Herald, four years. Jeanne is editor of the Hi-Herald this year. Along with these activities, Jeanne has been a cheerleader for three years. She has also been on the girls' soccer team for four years.

Jeanne received the first place Geometry Award when she was a sophomore, and she took first place in school for the Annual Oratorical Contest, which qualified her for County competition where she placed a close second.

At the moment, Jeanne's plans for the future are still undecided although she is planning to go to college. I would like to take this opportunity to speak for the students at A.C.S. and wish her the very best of luck in her future.
