STATE OF NEW YORK DEPARTMENT OF STATE

Albany, September 30, 1971 Pursuant to the provisions of section seventy-two of the Election Law, the following Proposition Number One and Proposed Amendment Number One and Two, will be submitted to the voters of the State for approval or disapproval, at the General Election on November second, nineteen hundred seventy-one.

JOHN P. LOMENZO Secretary of State Abstract of Proposition Number One

The purpose and effect of Chapter 1131 of the Laws of 1971, to be known as the Transportation Capital Facilities Bond Act of nineteen hundred seventy-one, is to authorize the creation of a state debt in an amount not to exceed, in the aggregate two billion, five hundred million dollars to provide monies to be used, in such manner and upon such terms and conditions as the Legislature may prescribe, for the acquisition, construction, reconstruction and improvement of transportation capital facilities and equipment and for the acquisition of real property and interests in real property required or expected to be required therefor. Separate allocations of the monies to be received from the sale of bonds are made for (a) State highways and federally aided highway and highway-transportation projects, State parkways and arterial highways (one billion, one hundred fifty million dollars); (b) rapid transit, railroad, omnibus or marine transportation capital facilities and equipment (one billion, one hundred fifty million dollars); and (c) rapid transit railroad, omnibus or marine transportation capital facilities and equipment in and between upstate communities and between upstate communities and the City of New York (two hundred million dollars). The statute provides for the submission to the voters at the 1971 general election of the following proposition or question: "Shall chapter 1131 of the laws of nineteen hundred seventy-one, known as the transportation capital facilities bond act of nineteen hundred seventy-one, authorizing the creation of a state debt in the amount of two billion, five hundred million dollars (\$2,500,000,000) to provide monies for the acquisition, construction, reconstruction and improvement of certain highway and mass transportation facilities and equipment, be approved?"

Form of Submission of Proposition Number One Transportation Bond Issue

Shall chapter 1131 of the laws of nineteen hundred seventy-one known as the transportation capital facilities bond act of nineteen hundred seventy-one, authorizing the creation of a state debt in the amount of two billion, five hundred million dollars (\$2,500,000,000) to provide monies for the acquisition, construction, reconstruction and improvement of certain highway and mass transportation facilities and equipment, be approved?

Mrs. J. H. Goodno. The Post Office and Office of the First State Bank of Canisteo, observed Monday as a legal holiday.

Several from Greenwood attended the wake and funeral of Robert Johnson held at Rexville.

Mrs. Daniel Redmond attended a shower Saturday night at the home of her brother, Eldon Stewart at Beuna Vista, in honor of her nephew, Leo Stewart and Faith Simons of Bliss, N. Y.

Abstract of Proposed Amendment Number One

The purpose and effect of this proposed amendment is to create a new framework for the State and local governments to assist community development. Community development includes programs for adequate, safe and sanitary housing; urban and community renewal; development of economic prosperity and adequate employment opportunities; health, mental health and environmental health; child care and aged care; transportation and communications; civic, cultural, recreational and other community facilities and services.

The amendment proposes the addition to the Constitution of a new article eighteen, entitled "Community Development", and repeal of the present article eighteen of the Constitution, entitled "Housing". The new article provides that upon a finding of a public need and public purpose that cannot be met by the unaided operation of private enterprise, the Legislature may provide by law for community development programs. In order to carry out such programs, the State, to the extent authorized by law, may grant or lend money and property to and contract indebtedness for any individual, partnership, trust, association, public or private corporation or local government for community development purposes. Any law authorizing the State to contract indebtedness must be approved by the people at a general election. Any such law may authorize the contracting of indebtedness for one or more works or purposes. Local governments, including any county, town, city or village or combination thereof, would be granted similar powers. Provision is also made for the State or any local government to guarantee the principal or interest on indebtedness of any individual, partnership, trust, association or private or public corporation or local government for community development purposes. The State and any local government would also be authorized to enter into contracts for periodic subsidies. The contingent liability on any such indebtedness and the present value of the subsidies contracted for and remaining unpaid shall be deemed indebtedness of the State or local government, and, in the case of the State, must be approved by the people at a general election.

The new article provides for the acquisition of property by the State, any local government or any public corporation on its own behalf or on behalf of any individual partnership, trust, association, private or public corporation or local government for community development purposes including property ultimately necessary or proper to effectuate any community development program. Such property may be granted, sold or leased to effect any community development purpose. Tax exemptions or abatements in whole or in part for such purposes may be granted by the State for periods not to exceed sixty years.

The provisions of existing article

eight, section four of the Constitution would be amended to combine the present 2% debt limit for housing, nursing home and slum clearance activities, based on the average assessed valuation of taxable real estate, with the general debt limit of cities, towns, and villages, based on the average full valuation of taxable real estate. The combined limit would be based on average full valuation. In the case of counties, the general debt limit would be increased by 2% and would be available for financing community development activities.

Form of Submission of Proposed Amendment Number One Community Development

Shall the proposed amendment adding a new article eighteen to the Constitution, providing for community development as prescribed by the Legislature where there exists a public need and purpose therefor which cannot be met by the unaided operation of private enterprise; authorizing the State or any local government, for community development purposes and to the extent provided by law, to grant or lend money to, contract indebtedness for and make loans to, guarantee the principal or interest on indebtedness or both, and enter into contracts for periodic subsidies with any individual, partnership, trust, association, private or public corporation or local government; providing that any such law authorizing the State to contract indebtedness shall be subject to the approval of the people at a general election; authorizing the acquisition of property and the grant, sale or lease thereof for any such purpose; authorizing the State to grant or authorize tax exemptions or abatements; and repealing article eighteen of the Constitution as presently in force, and amending article eight, section four of the Constitution to modify the constitutional debt limits of counties, cities, towns and villages, for any purpose including community development, be approved?

Abstract of Proposed Amendment Number Two

The purpose and effect of this proposed amendment is to permit a county, city, town or village to exclude indebtedness contracted after January 1, 1962 and prior to January 1, 1983 (instead of January 1, 1973) for construction or reconstruction of sewage facilities in ascertaining the constitutional debt limit of such county, city, town or village, pursuant to method, terms and conditions prescribed by the Legislature.

Form of Submission of Proposed Amendment Number Two Indebtedness for Sewage Facilities

Shall the proposed amendment to paragraph E of section five of article eight of the Constitution, permitting a county, city, town or village to exclude indebtedness contracted after January 1, 1962 and prior to January 1, 1983, (instead of January 1, 1973) for sewage facilities in ascertaining the constitutional debt limit of such county, city, town or village, be approved?
