Karmon, daughter of Mr. and Mrs. Kenneth Kear, is supervised here by Sheryl Stewart of Scio RD 1, one of the students majoring in the college's liberal arts and science transfer program emphasizing physical education.

1975 Edition of "Finger Lakes Country For Families Who Care" Now Available

The 1975 edition of "Finger Lakes Country for Families Who Care" is now available. The brochure, which is in its second printing, has been revised this year and is being circulated in 480,000 copies. It is published annually by the Finger Lakes Association, a 14 county regional tourist agency with offices in this Finger Lakes community.

This latest edition features an updated version of a special map highlighting the area's road system and waterways. The Finger Lakes lie between Rochester and Syracuse and extend south from the shores of Lake Ontario to Pennsylvania's northern tier. There are 11 Finger Lakes which include: Conesus, Hemlock, Canadigua, Keuka, Seneca, Cayuga, Oneida, Skaneateles, and Otisco. North of the lakes is the Erie Canal which has gained in popularity for recreational uses as commerce has slackened. The southern shores of Lake Ontario is another of the water resources. The lakes themselves range in length from 3 miles for Canadigua to over 40 miles

for Cayuga. Lying in a north-south plain, they stretch for some 90 miles east to west in west-central New York State. The deepest of the lakes at 632 feet, is Seneca. It's also reportedly the best for lake trout and northern pike fishing.

The Finger Lakes is easily accessible off both the Southern Tier Expressway and the New York State Thruway. The main north-south road is Interstate 19, which enters the eastern gateways of the Region.

There are more than 2 dozen photographs in the color brochure depicting some of the outstanding attractions, events, and activities staged annually in the Lakes Country. These include the 6 Finger Lakes district wineries, some 19 state parks, the Corning Glass Center, the Finger Lakes Race Track and Sonnenberg Gardens. The activities are seasonal in nature and primarily water oriented. Among some of the most popular special events are the Mornin' Pageant at Hill Country, the Grand Prix of the United States, the National Lake Trout Derby, the Lilac Festival and the New York State Fair. Another feature on the color brochure is an alphabetical listing of the 14 counties in the Finger Lakes Region, capturing the things there are to see and do in each.

A special feature, which was developed at the suggestion of the Travel Bureau of the New York State Department of Commerce, is a listing by communities of facilities throughout the Finger Lakes area. There are 221 in all including information on 66 hotels and motels, 60 restaurants, 11 campsites, as well as a variety of more than 84 other listings including golf courses, ski areas, antique shops, amusement centers, and specialty stores.

The regional waterways and road map folder is available free and can be obtained by writing to the Finger Lakes Association, 309 Lake Street, Penn Yan, N. Y. 14527.
