2500 basket willows — that's how many were planted by the young gentlemen from Andover Central School, on the banks of Dyke Creek.

The idea of planting willows is to preserve the soil on the banks

and as an added plus, beautify the stream banks. The heavier and stronger a root system we can establish, the more protection the creek has in high water conditions.

This program will be carried out on both Dyke and Marsh Creeks

D'Youville College Dean of Arts and Science, Sister R. Patricia Smith, congratulates Miss Diane E. Carmody, senior elementary education major, following D'Youville's 67th Commencement ceremonies held Saturday, May 17, at Kleinhans Music Hall. Miss Carmody, who resides at 22 Marney Street, Andover, N. Y., is her parents, Mr. and Mrs. Carl A. Carmody, graduated Cum Laude with a grade point average of 3.80.

and at the same time all debris will be removed from the banks. The debris I have reference to, is not a result of the flood, but neglect on the part of property owners whose property has creek frontage. The creeks will not carry off any type of debris, only deposit it on someone else's property, or eventually dam and cause someone's property to be flooded. Please think of your Village and neighbors before tossing junk in the creeks.

If some morning on the way out of the village, you should happen to see a tractor in either creek, don't panic, the Crew will only be re-arranging the gravel islands that form, to provide a more even flow of water and again with the idea of preventing erosion.

The Department wants to extend thanks to Mr. Jordan, Principal and Mr. Barden of ACS for their help in recruiting the young men whose picture accompanies this article. Names are not with the pics, but then most everyone will surely recognize his buddies and neighbors.

Willows were supplied by The U. S. Department of Agriculture at no cost to the Village.

YOU

Are Getting A Refund!

Many taxpayers this year will be delighted by the fact that the present withholding structure is providing a greater number of tax refunds.

To most, these refunds will be found money — unanticipated cash — and a welcome source of extra funds.

Don't let it slip through your fingers. If you're fortunate enough to be entitled to a tax refund this year — save it, at least some of it, for the future.

And "The Citz" is the place to save. Sort of an investment in the future. After all, Uncle Sam invests your taxes in many things. Why not invest your refund in yourself?

The most bank for your money.
