

LETTERS TO THE EDITOR

Dear Editor:

As President of the Andover Teachers Association I would like the record to show that we deeply regret that our representatives vote of opposition at the County Teachers Meeting last Thursday in Belmont was misinterpreted to or by any papers.

To state our position strongly, we are in harmonious accord with our Board of Education in working for quality education at Andover. We regret that some of our fellow teachers in the County are considering less than peaceful negotiating steps.

Our ways of negotiating were less dramatic than picket signs but certainly the results are more dramatic in the classroom where we have a disciplined good learning situation. We as teachers also are supported by the parents, principal and Board of Education. We are proud to be a part of Andover and its school system.

Thank you,
CHARITY MCCORMICK
President, Andover Teachers

The Mayor's Column

by "Mike" Brace

Halloween pranks are starting very early this year. I have had calls referring to activities that border on acts of vandalism and disturbing the peace. I would like to request of the parents that they be aware of where and what their children are doing in the evening. Hopefully, a greater awareness of this situation will assist in curbing these activities and avoid legal action.

Some people have responded to my request to describe any unique flood conditions that would assist the investigation of Goodkind and O'Dea Incorporated. Mr. Zimmerman is doing the study and would welcome any input that you can give him. Please drop a note in the Village Office.

The parking situation on Main Street has deteriorated since the opening of school. Automobiles have been left in the same position for an extended length of time. A check has indicated that most of these automobiles belong to individuals that have rented living space in the recent past. The Police Department is trying to contact the individuals to inform them of the 2 hour parking limit and the overnight parking ordinance. I would appreciate it, if the various landlords would also remind their tenants of this situation, and request cooperation.

The brush pick-up was successful. If you have brush that was overlooked for some reason, please contact the Village Office. The "Leaf-rack" is on the truck and streets are being cleaned. Please be patient and remember that without a cover for the truck, we have to be particular as to the condition of the leaves in order to transport them out of the Village. If they are dry and the wind is blowing, it is extremely difficult to do the job right.
