Principal Gary Moore of Greenwood Central School has released his Newsletter which states: — Only 25 days until Christmas! Its hard to believe time goes so fast. I'll start by wishing everyone a Happy Holiday Season.

An update on the construction project: By the time you receive this newsletter the gym floor should be completed and in use. The sound proof door on the stage should also be completed. Plumbing in restrooms completed. Electrical wiring almost complete. P. A. System, clock system, fire alarm yet to be installed. Aluminum windows are here and will be installed shortly. Ventilation in gym ceiling completed, in back wall of stage waiting for fan unit. In restrooms work is being done; in kitchen work is being done. Blacktop on tennis court completed. Heat controls are here waiting to be installed.

While there have been some inconveniences and delays due to many problems, I think everyone will be pleased when it is completed. Many items will not show up as you look around but will

make our building more efficient. The gym floor will be the most noticeable change inside the school and we think its beautiful.

At the November meeting of the Board of Education the following was adopted with reference to coaches. It is published in the newsletter to let all be aware of the work being done to help everyone better understand our inter-scholastic program.

Responsibilities of the Administration and the Board of Education: To provide an atmosphere conducive to an effective program. To obtain the best coaches possible. To offer support to the coaches in the performance of their duties. To avoid usurping the coaches power and duties. To divorce the position of the coaching from the position of teaching. To recognize effort and accomplishment.

Responsibilities of a Coach — in the sports program. To Develop — Good Sportsmanship; Proper attitude toward winning and losing; Towards opponents and officials; Toward equipment, locker rooms, buses, etc.

An open expression of appreciation to all the milk producers of Pollio and Fiorlat Dairies

We would like to express our deepest gratitude to all our milk producers for their continuous association with Polly-O and Fiorlat Dairy, Thank you for helping us grow and celebrate our 75th Anniversary.

You have helped us become the world's largest manufacturer of Italian soft cheese, the finest Ricotta and Mozzarella. Your cooperation has enabled us to expand our production capability. At our four modern, efficient manufacturing plants, we process your milk into a complete line of dairy products. We also operate two fluid plants and two fluid milk operations, one in Rochester, New York and the other in New York City. Everything from homogenized Vitamin D milk to eggnog. The quality of your product has contributed to the fine reputation of our brand name, Polly-O.

In the years ahead, we sincerely hope that we can continue to count on your cooperation in the interest of our mutual growth and success. Our employees at our four plants would like to say "thank you", and will be available to continue to serve you.
