Editorial

By Kal Shaw

The great school spirit time has come once more as our winter sports are just starting to get underway.

I am not going to emphasize how good our basketball, swimming, or volleyball teams are doing, but instead put an emphasis on the spectator, the person who pays to come and watch our teams battle with opponents from other towns.

It is very important whether you know it or not, that we have a good school spirit. It is important to the teams that we have these spectators attend these games and root our team along to a victory.

When a spectator comes to one of these games to just "fool around", it gets very annoying to other people who are trying to watch the game. It also gives our school a bad name when we have spectators harassing other people and trying to pick a fight. That's not what you paid to come in and do. You paid to watch a game and to support our team. You, the spectator, are also representing our school, you don't have to be on the court, or in the pool to be part of the team.

This year let's go out and cheer our teams on with a respectable attitude, and show our true school spirit.

Guest Editorial

Christmas is finally in full swing with the streets lighted up and the beckoning sound of the Salvation Army Bells. There definitely is a joyous spirit that surrounds this earth during the month of December.

I asked many people what they thought Christmas was, and 99% of the time "love" or "giving" was the answer. As we bustle from store to store do we take into consideration these two themes? In Art Class the students are encouraged to make something that has a bit of themselves in it. This I think, is very important; not only for the gifts at Christmas, but in day to day life.

Jesus Christ said "Greater love hath no man than this, that a man lay down his life for his friends." Automatically we think of dying for someone whom we love dearly. But Jesus meant more than this— which is the whole spirit of Christmas. He meant to give of ourselves to the point of handing over our rights and privileges for the love of others; making them our lives, as He did with us.

So when we think of Christmas, love and giving; think of this holiday as an example for the rest of the year.

New Teacher

by Nancy Stephens

Have you seen a very pretty young woman walking around the halls of ACS? You probably have and you thought that she was one of the students. Actually, Miss Marjorie Johnston is the new Kindergarten teacher.

Miss Johnston is originally from St. Louis. She and her family moved to Alfred about twelve years ago and have lived there ever since. She is the oldest of three children. She has a brother Wayne, and a sister, Melody. Her parents are JoAnn and Orville Johnston.

Miss Johnston attended York College in Pennsylvania as a Freshman where she also played field hockey. She transferred to Alfred University where she majored in elementary education and minored in History.

Miss Johnston says she loves Andover. She says that the people are very nice and very helpful. She also enjoys her teaching very much. "It's a lot of hard work," she said, "but worth it!"

Her class is having all kinds of fun. So far this year, they have made apple pies, baked pumpkin and witch cookies and made a map. On this map the children will put their houses, made out of milk cartons.

Miss Johnston, we all want to wish you good luck the rest of this year and many years to come.

Have you noticed that list of students on the blackboard of Mrs. Burger's room? And that title? "They did it!" What did they do? Did they break a rule or run in the halls? No — here's what Mrs. Burger says about it: "Usually, when people see a list of names on the board, they think that someone has done something wrong, and we wanted to show that this was not so by putting up something positive rather than negative." Well here's what they did. This list of students is in Mrs. Burger's reading class and they decided to write an essay on the Significance of the Colors of the American Flag. The project was also an interesting one for the coming of the Bi-Centennial Year.

Here is the list that appeared on Mrs. Burger's blackboard:

Lind Burns
Ken Behn
Guy Cole
Jeanne Lehman
Charlene Perry
Kelly Ray
Teresa Outman
David Winslow
Glenn Thorp
Karl Perkins
Cindi Starks
Chris Lehman
Teresa Connor
Donald Freund
Penny Glover
Darla Whitesell
Joyce Fuller

All of these people discovered the reason our Flag is Red, White and Blue.

Senior Interview

by Nancy Stephens

Debbie Buckwalter, a 5' 8" blond with hazel eyes, is a very active member of the senior class. Although she has only been here since her junior year, she has made many friends.

Debbie was born in Wellsville at the Jones Memorial Hospital, to Mr. and Mrs. Robert Buckwalter. She has five sisters and five brothers, ranging in age from 32 to 11. Going from the oldest to the youngest, their names are: Linda, Bob, Judy, Joyce, John, Leon, Mary Ann, Leslie, Steve and Carole.

While Deb was in Wellsville High school, she was in many activities. She was in Choir for one year, Orchestra one year, Camera Club one year, Library Council one year and Junior National Honor Society for two years. Here at Andover, she was in Choir one year, she is now Editor of the Yearbook and she is very interested in the other activities around school. Deb is now majoring in Math and Art.

Debbie is also engaged in many activities on her own. She greatly enjoys sewing, knitting, spinning, riding horses and taking care of plants. She spends much time caring for her plants, she has about 30 different kinds. She also enjoys designing her own clothes and decorating her room. Deb is also currently employed at the Elmhurst Dairy Inc. in Wellsville.

Even though Deb has only been here for a short period of time, we have all learned to love her and appreciate her friendship. We want to wish you the best of luck in whatever you do.

Swimming

by Terry McCormick

The opening Swimming Meet will be against Wellsville on Thursday, December 11. The Meet will start at 7. We are going into the Meet with high hopes for a victory. Here is the remainder of the season's Swim Schedule:

At Alfred-Almond (7:00)
Addison (7:00)
Naples (5:30)
Canisteo (7:00)
At Addison (7:00)
Alfred-Almond (7:00)
Wellsville (7:00)
At Naples (5:30)
At Canisteo (7:00)
At Bath (5:30)

As you might see from the list of the schools above Andover is very small compared to the other schools. The facts are Andover is the only "D" school with a swimming team. The size really comes out at Meets with our team being out-numbered three or four to one, but we are still in the Meet the whole way. This shows the real tenacity and skill of our Swimming Team.

Pantherettes

by Karen Hess

The Andover Girls' Volleyball Team is having a very successful year with 4 wins and 1 loss.

The last game was with Richburg and everyone on the bench played. We won the game 15 to 13.

"This game was not a very competitive game," said Coach Jane Troxell.

The next game with Belmont will be postponed from December 9 to December 10. Miss Troxell said, "Belmont has always given us a good game and I'm sure this will follow the usual pattern."

In our games there is no emphasis on the points that are made. Our strongest emphasis is put on a good floor play.

Cub News

by Karen Joyce

Now it's time for the Cubs to begin their travels to other schools in different towns. This is good experience for the Cubs and they enjoy it, too.

Tryouts for the team will be Saturday morning, December 13 for the Seventh and Eighth Graders. There will also be tryouts for Fifth and Sixth Graders who wish to play the away teams.

Senior Interview

by Sue Dougherty

This week's "Senior in the Spotlight" is a blue-eyed blond who lives on Water Street with Anita Frank Cindy and Wendy. Have you guessed it is Rick Cahill — soccer player?

Rick has been very active throughout his years at ACS. He has played soccer for four years and has been a great help to the team this season as a starting left wing. He played J.V. basketball two years and participated in track for four years. Incidentally, Rick holds two school records, one in the 440 and one in the Mile Relay.

Another interest is music. Rick was in Band for three years and Choir for two years. He was elected Student Council Representative for two years and is now vice-president of the Senior Class.

Rick's plans after graduation aren't definite but he hopes to go into the commercial art field.

Notes From The Health Office

By Karen Hall

Now that the cold winter months are here warm clothing is necessary to prevent those sore throats and ear infections. Please dress your child warmly in boots, mittens, hats and scarfs to protect them from winter infections.

If you have any mitten or boots that your children have outgrown and are still wearable there are children that could use them for the afternoon playtime. Please send them to the office of Mrs. Charity McCormick, SNT.

Class Trip

by Lori Stein

The 5th grade classes, accompanied by Student Teacher Miss Linda Kiesel and Mrs. Mary Jane Neill, took an interesting trip to see the Carillon in Alfred, New York, guided by Teacher, James Chapman. Alfred is proud to have one of the 163 Carillons in the Western hemisphere. The belles of a Carillon can have no less than 23 bells, all of which have to be cast. The belles were cast by a famous person named Peter Harmony. The earliest bell dates back to 1663, and the heaviest bell weighs over two tons, the lightest bell 19 pounds. I think to appreciate how much the children enjoyed the out is to listen to their comments:

Mike Ward — "I liked the big bells."

Bart Carlin — "I liked the sound, because it sounded like a piano."

Donny Spencer — "I liked learning about a new instrument."

Mark Bennett — "I liked looking at the dates on the bells, to see how old they were."

Sarah Boyle — "I enjoyed learning about Peter Harmony."

Yvonne Hess — "I liked hearing the bells chime from way up top."

Bruce Baker — "I enjoyed playing a 304 year old bell."

Melody Milled — "I enjoyed hearing Shelly Mead playing two songs on the Carillon."

From these enthusiastic remarks it is clear how much they enjoyed the trip.

FHA News

by Nancy Stephens

On November 12 the Future Homemakers of America went to a Rally at Letchworth Central School. The program was from 3-5 p. m., and the theme was "One's Worth To Others."

Kim Freund, a Junior here at ACS, is the Recreation Chairman for this District. She has attended Camp Oswegatchie for leadership training. As part of the program, she gave a speech on her experiences at this camp. They also had a guest speaker, Karen Fraiser, who was a former District President of FHA. After the national meeting report given by Paula Dodson, the girls enjoyed a swim period followed by making collages on FHA.

In addition to Kim, Andover girls attending included: Beth Empson, Brenda Empson, Denise Grossman, Cheri Halsey, Cindy Halsey, Becky Lang, Cathy McCormick, Janet Monroe, Teresa Perkins, Brenda Perry, Monica Smith, Daranne Wahl, Debra Wallace, and Glenna Weber. Miss Marjorie Goodrich, Homemaking Teacher, accompanied the girls to the meeting.

What I am Thankful For

I am thankful for
The school I learn in,
The house I live in,
The life I lead,
The teachers I have,
The Mom and Dad I have,
The friends I have,
The enemies I have,
The earth I live in,
The sun I share,
The rain I share,
The ground I share,
The things I treasure,
The people I meet,
The loved ones I have,
The house for protection,
The car for transportation,
For the sick, and,
For those who get well.

Opinion Poll

What is your opinion and/or reaction to the defeat of the New York State Equal Rights Amendment?

Mrs. Burger — "I'm delighted!"

Mr. Joy — "I thought it should have been passed."
