

The Clergy Corner

Rev. John A. Baxter
First Presbyterian Church
"THOU SHALT NOT KILL!"

Lent is the traditional period of the church year for reassessment of our spiritual condition. Our concern should not be confined merely to our own souls, but also to others. Jesus said that the first and greatest commandment was to love God and the second to love your neighbor. They are two sides of the same coin. All the commandments are to be understood in the light of these two.

For instance, the commandment: "Thou shalt not kill," does not mean merely that we refrain from attacking and murdering another, it also means that we should be concerned enough to keep others from causing his death by what ever means. For this reason, civilized societies employ police officers, firemen, doctors, nurses, nutritionists, educators, etc. to protect the lives of our citizens. We do not leave the safety of school children completely in the hands of drivers, instead we transport them in school buses, employ crossing guards where needed and make laws requiring all vehicles to stop in both directions for school buses. All of this concern reflects our obedience to the command to love our neighbor as ourselves.

In spite of all that we have done there are always individuals and groups which defy our ethical standards and fly in the face of civilized behavior. The most notorious recent example of this is the death of senior citizens as the result of having their gas shut off in sub-zero weather. What terrible person, you ask, would sneak up on your house and do such a dastardly deed? Probably no one in his right mind would commit such a heinous crime, but in three recent cases, the National Fuel Gas company did. Somehow corporations seem to feel that they can commit acts which are unethical for individuals. It would be comfortable for us to place all the blame on the National Fuel Gas

Company or these deaths. But we are all guilty for failing to care for our isolated and lonely elder citizens and for failing to take action that would prevent these tragedies. No one should die for failure to pay a bill. To obey the commandment "Thou shalt not kill" means that we must show enough concern to those in the seats of power that they will change policies and procedures and protect our fellow citizens. To sit in our homes and give thanks that we are warm is to share in the guilt.

Lent is a time to repent. It is not sufficient to confess to our sins to God. We must also make amends, make the changes in our society that will stop the sin. "Thou shalt not kill" means: Thou shalt not shut off gas in the winter

LEGAL NOTICE

NOTICE IS HEREBY GIVEN, that, on January 23, 1978 Iroquois Telephone Corporation filed with the Public Service Commission certain tariff changes that are designed to produce an additional \$173,145 in increased annual Local Service Revenue. The proposed effective date is February 1, 1978.

In addition, a 5% reduction in Intrastate Toll rates will also take effect on February 1, 1978.

The Local Service increase and Intrastate Toll reduction are a result of the Commission decision in Case No. 27100 and No. 27089 involving the New York Telephone Company. The independent telephone companies of New York State were given the opportunity, in this order, to offset the amount of the overall reduction in Intrastate Toll Settlement.

The amount of the increase for Iroquois Telephone Corporation represents a 5.38% in all Local Service Rates, EXCLUDING EXTENSIONS. EXTENSION SERVICE IS EXEMPT FROM THIS INCREASE. The amount of each individual's increase will depend on the current volume of Intrastate Toll calls now made.

Also effective February 1, 1978 a discounted toll plan for residence and Centrex Dormitory customers is introduced. This plan is called DIAL-A-VISIT. DIAL-A-VISIT is an optional service. It permits customers to receive a discount of up to 50% on DDD Sent-Paid intrastate toll calls placed during certain hours. A \$6.00 minimum charge will apply each month.

The following examples will show how DIAL-A-VISIT discounts apply:

	Total Charges for Qualified Toll Calls	50% Discount	Total Billable Charges
A.	\$ 5.50	\$2.80	\$6.00 minimum
B.	18.00	9.00	9.00
C.	12.00	6.00	6.00
D.	11.00	5.50	6.00 minimum

Intrastate DDD Sent-Paid toll calls placed within the following time periods are included in the plan:

Monday through Friday 5:00 P.M. to 8:00* A.M. the following day
Saturday, Sunday and on the five toll holidays 8:00 A.M. to 8:00* A.M. the following day
*Up to but not including

Toll calls placed at any other time (8:00 A.M. to 5:00 P.M. weekdays) are billed standard toll rates.

All intrastate DDD calls made during the DIAL-A-VISIT hours are included in the plan.

Where a customer has more than one line billed on the same bill, usage on all lines is included in the one plan.

No service connection charges apply to DIAL-A-VISIT.

A one month minimum charge applies.

Copies of the proposed local service rates are available for public inspection at the Business offices listed below, our Division Headquarters at 14 Classic Street, Sherburne, New York, or at the offices of the Public Service Commission, Albany, New York.

Any questions about this new proposal may be directed at your nearest business office.
