**New Teacher**

Mrs. McCann is a new teacher to the school this semester. She took Mrs. Baker's place. She was born on March 5, 1955 in Sandusky, Ohio.

She graduated from the West Essex Regional High School in New Jersey. She went to and graduated from Houghton College.

Mrs. McCann teaches 8th grade Math, 11th grade Math, Geometry, Introductory Business and Algebra.

Her hobbies are sewing and camping.

Mrs. McCann chose to come to Andover for the experience and because it was a one semester job, which was good because she and her husband are moving at the end of the year.

**Girls Basketball**

A couple of weeks ago the Girls Basketball Team had a game at Scio. There was a little disagreement on the score. Apparently we would have tied 27 - 27, but the 2 points we made were not recorded in their books, although we had them in our, as did the operator of the score-board.

Since the game was at Scio, the score that is written in their book is the official score. So, if it had been a home game we would have tied Scio, because it would have been in our books. It is too bad that the two books didn't balance.

To avoid this problem in the future, the person keeping score in our books should have called the referee over when she noticed the mistake instead of waiting until the end of the game.

**Girls Basketball**

The Girls Varsity Basketball Team won their first game ever Whitesville with a victory of 35 - 31. It was a good game. It proved to us that we can do a good job if we try. So, keep trying, girls and hopefully we will win more games in the future. Lisa Howard was high scorer with 16 points and Brenda Lehman was next with 10 points.

The next game is against Wellsville here, on Monday, and Thursday we have another game here against Alfred-Almond. Come and support your team.
